

Louisville Metro Council City Agency Request
Neighborhood Development Fund (NDF)
■ Capital Infrastructure Fund (CIF)
Municipal Aid Program (MAP)
Paving Fund (PAV)

Primary Sponsor: James Peden

Amount: \$35,730 **Date:** 10-4-21

Description of program/project including public purpose, additional funding sources, location of project/program and any external grantee(s):
Funds will be used to selectively clear the northeast corner of Highview Park at Briscoe Lane and Vaughn Mill Road. This will open it up and allow for this area to be accessed. The trees will remain but underbrush will be removed opening this section of the park up for visitors to enjoy.

Mr. Canuel,

Councilman Peden would like to move forward with using CIF to fund the clearing of both parts provided in the estimate. Will Metro Parks accept \$35,730 from District 23 CIF for this project?

Thank you,
John Torsky

Part 1 is clearing from the woodland edge for about 100 feet into the woods. Part 2 was clearing the rest of the entire wooded area.

Subject: Highview Park selective clearing

Is there any way we might be able to meet at Highview Park to look at a selective clearing project? At a minimum, we are looking at clearing dead trees and underbrush (to open things up and make more visible/usable) about 100-feet or so into the wooded area. I am estimating that area to be about 3 acres +/- as shown on the attached aerial image. The councilman in this area would also like to know a price to do the same for the rest of the wooded area (approximately 8.5). The total area for the entire area is right about 11.5 acres.

The St. Anthony Church Road proposal you sent a few weeks ago looks good. I am waiting on the cemetery plan to be approved and get access to the funds to begin. We should be able to get that project started early in the winter.
