**Subject:** Re: Vaccine Clinics

Thank you for reaching out, I do appreciate it.

At the end of the day, I understand that things happen. That said, the short notice was tough, especially after months of advertising and building interest to make sure we had a strong turnout. That's really where the frustration came from.

I do appreciate you taking responsibility and following up. We'll send over a few alternative dates that work on our end, and hopefully we can get something back on track that serves our residents the way it was intended.

Looking forward to working through this.

**Subject:** RE: Vaccine Clinics

All,

I want to begin by offering my sincere apology for the breakdown in communication and planning surrounding the rabies clinic event. As Deputy Director of Metro Animal Services, I take full responsibility for our failure to properly schedule and prepare for this clinic, and I understand the frustration and disappointment this has caused.

You are right to expect timely, direct communication—especially on matters that impact your offices, your constituents, and events that have already been funded and promoted. Learning about the cancellation indirectly was unacceptable, and we regret the position this placed you in with your communities.

We also acknowledge that we did not fulfill our responsibilities in preparing materials and coordinating logistics as planned. That lapse is on us, and we understand how it reflects not only on our agency but on your offices as well. Regarding the request for an adopt-a-thon in District 12, I recognize that we have not made the progress we should have despite your repeated outreach. That is not the level of partnership or responsiveness you deserve; particularly given the strong support your districts have shown Metro Animal Services.

We are taking immediate steps to correct these issues. This includes improving our internal scheduling processes, establishing clearer lines of communication with council offices, and prioritizing the rescheduling of the rabies clinic and the planning of the adopt-a-thon. We are committed to working with you to ensure these events are successful and that we rebuild your trust in our ability to deliver.

I appreciate your continued support and partnership, and I look forward to working collaboratively to better serve our community moving forward.

Adam Hamilton  
Assistant Director  
Metro Animal Services

**Subject:** Re: Vaccine Clinics

All,

I want to begin by expressing how disappointed I am that I am being told through the grapevine that an event that our offices have scheduled to sponsor for months now is being canceled. First and foremost, we each deserved the respect of a phone call and email. I had to be told through a phone call through another council person that this event was canceled. And the reason that it was canceled is remarkably unprofessional. We as the council offices are the front lines when it comes to these events and the public and for us to now have to cancel this event looks very bad on our office... at no fault to us. We did the funding and the promoting - LMAS did not do their end of the deal and have materials ready as had been planned for many months.

I have also asked for a adopt-a-thon in District 12 for months now and to get that on the calendar and we are no farther along in April than we were in January and February when I asked to make this happen for our community. I would venture to say no council districts have been better friends to LMAS in the past fifteen months than 12 and 14. This is not acceptable and I expect it will be made right for our district and our people in some manner beyond just a rescheduled date.

**Jonathan Joseph**  
Councilman - District 12  
502-574-1112
