Heya Dante,

Thanks for taking the time to attend the neighborhood meeting this week for the proposed redevelopment on 528-530 Atwood St. We are very excited that the Linville's are looking to develop our community!

There was a lot of good information provided in the powerpoint and I'm looking to get my hands on some of the images for the site elevations. We were only sent notice of the site plan and very basic information. The powerpoint was much more comprehensive with elevations included. Would you be able to send over any additional images of the various elevations or other information of the proposed development?

Thanks so much for your attention to this matter.
