A 1.5" overlay for the following areas would be:

- 100x15 = \$4,500
- 150x15 = \$5,000
- 200x15 = \$5,500

Asphalt driveways are \$33 SY so you would have a total cost of about \$8,000

Thanks,
Andrew

Can you give me a couple of paving prices on

100x15

150x15

200x15

Also was wondering if the drive apron would qualify at the 5000.00 price if we did 150 sq yd at the entrance to Goff. Give me a call if you need a better explanation. Thanks 817-0332

Very well Tim –

When you have undated figures, we'll run them past Councilwoman Welch & get something rolling.

Thanks for your help on this & the other issues in our district.

Hey Kevin, I will have a better grip on the quote tomorrow. I shot you a bad estimate over the phone. Sorry

We did however start the sidewalks today and the mowers will be through this week on the State portions that have been previously extra mowed. thanks

Give me a call when you get a chance Kevin. I have a few options but I am not sure how much money can be involved? 817-0332
