Ms. Jasper,

I will add your comments to the file and make the commissioners aware of your objections. As shown on the attached plan, the area being rezoned to C-1 only encompasses the area including the former clubhouse and parking areas which will also be subdivided into a separate lot from the green space.

You may use the links below my contact information to stay updated on this proposal and review the materials to be presented at the LD&T Committee tomorrow and any future public meetings for the case. Please let me know if you have any further questions. Thanks!

Dear Mr. Wagner,

In the case of rezoning in Indian Springs, I assume the change for a change in zoning from Single Family Residential to Commercial would cover the entire subdivision not just the clubhouse. I strongly object to rezoning this area. We already have an Aldi's and a hotel being built . I do not want restaurants especially one with a liquor license. There are small children in the neighborhood. If this rezoning passed, what else would be proposed - making the green space commercial?
