It looks to all be asphalt in a poor condition. I would recommend a 2 inch mill and overlay with fiber reinforced asphalt. Looking at \$12,500.00.

Also, this would only pave the drive lane which I have estimated at about 425 ft by 16 ft. This will not repave any parking pads or pull off areas.

Hi Matt,

Just touching base about a rough estimate for this alley/entrance to the park. We have a constituent that might be interested in contributing and trying to share what the estimated cost for the repaving would be.

Thank you,  
Kyle

Matthew,

With Metro Public Works accept funds from the D9 office for this project?

Thanks,  
Kyle

Yes the estimate is still valid.

Not sure about the citizen funding. I have copied Max to see if he can elaborate.

Thanks,
