

This request is a reconsideration of MAP031715PW01 to eliminate the remaining funding of \$11,018.96 for 3900 block of Sunflower Ave project from both MAP and MAP match and reallocate \$10,389.60 from both MAP and MAP Match to 3200 W. Kentucky St. sidewalk repair #443859.

History: On 3/17/15 \$18,395.70 was appropriated from both D1 MAP and D1 MAP Match for a new sidewalk in the 3900 block of Sunflower Ave. The estimate of this project was received in April 2015 for a total of \$101,500 and Councilwoman Green decided to not move forward with the project. On June 23, 2015 the appropriation was reduced by \$7,376.74 from both D1 MAP and D1 MAP Match and reallocated to 3 sidewalk repair projects – 3531 Cotter Dr, 3533 Cotter Dr and 3237 Kirby Ave. This reconsideration will eliminate the 3900 block of Sunflower Ave completely from both MAP and MAP Match of \$11,018.96 and allocate \$10,389.60 from both MAP and MAP Match to 3200 W. Kentucky St. sidewalk repair #443859 leaving \$629.36 in both MAP and MAP Match for future allocation.
