Jason, in reviewing the attached CIF, LaTonya has mentioned we do not an email from you stating you would accept the additional funds for the Vettiner Park Improvements. Please confirm.

CM Piagentini, it would also complete the documentation if there was an email from you confirming the use of the republican pool CIF for this project. You are a sponsor on the ordinance moving other republican pool funds to this account, but we also need the acknowledgement for this document.

We need these today we at all possible.

Thank you,

Beth

And just to clarify, this is coming from the **Republican pooled CIF**, not D20 CIF... so the end of the CIF would be CIFxxxxxxPWRep, not CIFxxxxxxPW20...

Hello all,

Here is the updated information after making corrections.

Jason,

I am uploading documentation in Granicus this afternoon. An additional \$42,826.08 will be transferred to Metro Parks for the additional funding needed to convert the old tennis courts into pickle ball courts, the parking lot and access road.

Please see attached.

Hello all,

Sonya has been gracious enough to agree to upload and enter my information into granicus since I no longer have access after the laptop upgrades (working on getting that fixed). Be on the lookout for the corrected legislation.

Angela, I sent you the wrong version of the CIF request. The CIF request at the top of page 1 should only be for \$42,826.08 (and that is the amount listed on page 3 under D20, but there is a different amount on the signature line on page 1 - \$67,358.98) not \$110,185.06 . The amount on the signature line should be changed as well.

The description should say there is \$80,522.53 coming from the ordinance being heard in Budget Committee, not \$13,814.94. The total being added to the \$180K in the FY21 budget is \$123,348.61, including the \$42,826.08 from CIF. I switched gears on what was in the ordinance versus the CIF request and sent you the wrong one. Please change on the CIF request before sending it on. I am SOOO sorry!! Too many moving parts on this one!

Guys,

Just a follow up on our conversation. We are ready to move forward with rehabbing the older tennis courts to pickle ball courts.

We already have \$180,000+/- in the capital budget for Vettiner plus the \$58,000 we will be putting in the budget for this project in the upcoming weeks.

Can you check in on this and see where things are on \$\$\$\$. We might have some pooled funds available and if needed/helpful we might be able to get them dedicated so that the plan can be the best it can now vs. adding to the project at a later FY cycle.

We are working on a backlog of capital projects in design right now. We will get to Vettiner as soon as we possibly can. I am thinking we can get through design and permitting this Fall/Winter and get to late Spring/Summer construction.
