Dear President Yates and members of Metro Council,

The members of RCFOP Lodge 614 are keenly aware that the infrastructure and buildings, including LMPD headquarters that house our members as they perform their daily duties for the LMPD often leave much to be desired. Every employee of Metro Government, including the members of RCFOP Lodge 614, deserves a clean, safe and functional area in which to work.

We appreciate the efforts of Metro Council and other city officials who recognize this basic need. Lodge 614 supports any effort that will expedite improvements to LMPD infrastructure.

Sincerely,

Dave Mutchler  
President  
RCFOP Lodge 614
