

WM # 7780

BINDING ELEMENTS

CASE NO. 10907
DOCKET # 9-04-02

1. The development shall be in accordance with the approved district development plan and agreed upon binding elements unless amended pursuant to the Zoning District Regulations. Any changes/additions/alterations of any binding element(s) shall be submitted to the Planning Commission for review and approval; any changes/additions/alterations not so referred shall not be valid.
2. The development shall not exceed 18,275 square feet of gross retail and day care floor area and 21,543 square feet of gross restaurant floor area.
3. The only permitted freestanding signs shall be monument style signs, located as shown on the approved development plan/sign plan. No portion of the sign, including the leading edge of the sign frame, shall be closer than 5 feet to front property line. The signs shall not exceed 64 and 128 square feet in area per side and 8 and 16 feet in height. No sign shall have more than two sides.
4. No outdoor advertising signs, small free-standing signs, pennants, balloons, or banners shall be permitted on the site.
5. There shall be no outdoor storage, display or sales permitted on the site.
6. Outdoor lighting (for parking lot illumination and security) shall be directed down and away from surrounding residential properties. The site shall utilize shoebox lighting fixtures and shall have a 90-degree cutoff and height of the light standard shall be set so that no light source is visible off-site, with a 20 foot maximum height. Light levels due to lighting on the subject site shall not exceed 0.5 foot candles measured at the property line. The applicant shall obtain certification by a qualified expert in measurement of lighting levels prior to requesting a certificate of occupancy. Such certification shall be maintained on site at all times thereafter.
7. Construction fencing shall be erected when off-site trees or tree canopy exists within 3' of a common property line. Fencing shall be in place prior to any grading or construction to protect the existing root systems from compaction. The fencing shall enclose the entire area beneath the tree canopy and shall remain in place until all construction is completed. No parking, material storage or construction activities are permitted within the protected area.
8. A Tree Preservation Plan (TPP) shall be approved by Planning Commission staff prior to transmittal to the office responsible for permit issuance. No clearing and/or grading activities may take place until a Tree Preservation Plan has been approved. The Tree Preservation Plan shall identify and submit for approval by designated DPDS staff, a plan showing the location of Tree Preservation Areas on site (exclusive of areas dedicated as public right-of-way) prior to beginning any construction procedure (i.e., clearing, grading, demolition). All construction shall be conducted in accordance with the approved Tree Preservation Plan. A partial plan may be submitted to delineate clearing necessary for preliminary site investigation. All Tree Preservation Plans must be prepared in accordance with the standards set forth by DPDS.
9. Before any permit (including but not limited to building, parking lot, change of use or alteration permit) is requested:
 - a. The development plan must receive full construction approval from the Jefferson county Department of Public Works and Transportation (400 Fiscal Court Building) and the Metropolitan Sewer District (700 West Liberty).
 - b. Encroachment permits must be obtained from the Kentucky Department of Transportation, Bureau of Highways.

- c. The property owner/developer must obtain approval of a detailed plan for screening (buffering/landscaping) as described in Article 12 prior to requesting a building permit. Such plan shall be implemented prior to occupancy of the site and shall be maintained thereafter.
 - d. A minor plat or legal instrument shall be recorded consolidating the property into one lot. A copy of the recorded instrument shall be submitted to the Division of Planning and Development Services; transmittal of the approved plans to the office responsible for permit issuance will occur only after receipt of said instrument.
 - e. The property owner, applicant, or developer shall submit to the Planning Commission and the Natural Resources and Environmental Protection Cabinet written procedures for tire/oil disposal that comply with applicable state and federal regulations. Said procedures shall be submitted prior to requesting a building permit and shall be followed for the duration of the use unless otherwise approved by the Planning Commission.
10. If a building permit is not issued within one year of the date of approval of the plan or rezoning, whichever is later, the property shall not be used in any manner unless a revised district development plan is approved or an extension is granted by the Planning Commission.
11. A certificate of occupancy must be received from the appropriate code enforcement department prior to occupancy of the structure or land for the proposed use. All binding elements requiring action and approval must be implemented prior to requesting issuance of the certificate of occupancy, unless specifically waived by the Planning Commission.
12. There shall be no outdoor music (live, piped, radio or amplified) or outdoor entertainment or outdoor PA system audible beyond the property line.
13. The applicant, developer, or property owner shall provide copies of these binding elements to tenants, purchasers, contractors, subcontractors and other parties engaged in development of this site and shall advise them of the content of these binding elements. There binding elements shall run with the land and the owner of the property and occupant of the property shall at all times be responsible for compliance with these binding elements. At all times during development of the site, the applicant and developer, their heirs, successors; and assignees, contractors, subcontractors, and other parties engaged in development of the site, shall be responsible for compliance with these binding elements.
14. If work is required within the easements causing removal or damage of landscape materials, the property owner shall be responsible for replacement of materials according to the approved landscape plan.
15. The dumpster shall not be emptied between the hours of 10 p.m. and 7 a.m.
16. The materials and design of proposed structures shall be substantially the same as depicted in the rendering as presented at the March 7th, 2002 Planning Commission meeting. Canopy treatments for the gas station shall be submitted to the Planning Commission staff for review and approval.
17. The landscape plan shall be developed in consultation with Mr. Cain (12515 Old Lagrange Rd. Louisville, KY 40245) and Mr. Rick Wardlow, for specific landscape materials and placement of landscaping.
