

Louisville Metro Council City Agency Request
Neighborhood Development Fund (NDF)
■ Capital Infrastructure Fund (CIF)
Municipal Aid Program (MAP)
Paving Fund (PAV)

Primary Sponsor: Bill Hollander

Amount: \$1,500 **Date:** October 24, 2017

Description of program/project including public purpose, additional funding sources, location of project/program and any external grantee(s):

Grant to Metro Public Works (MPW) for 125' of new asphalt curbing along S. Jane Street.

City Agency: Metro Public Works
Contact Person: Matthew Haines
Agency Phone: 502.574.3883

I have reviewed this request for an expenditure of city tax dollars, and have determined the funds will be used for a public purpose and have the attached documentation from the receiving department concerning the project/expenditure.

9  \$1,500.00 10/24/2017

I'll find out where we stand on this restoration and get back with you.

Thanks,

Vince Guentner

Subject: S. Jane Asphalt Curb Repair

Good Afternoon Vince and Matt.

We were recently contacted by Mr. John Pacyga, 219 S. Jane Street, as a follow-up to concerns in April 2017 regarding LWC roadwork that damaged the asphalt curb on S. Jane Street. Our office understands that LWC agreed to make repairs to the damages that were from the contractor equipment and work along the roadway. Mr. Pacyga has measured that to be a total of 89'. Mr. Pacyga is also interested in having the remaining 125' repaired by Louisville Metro, ideally he'd like both projects to be coordinated at the same time. Mr. Pacyga stressed to us that they are only interested in having a 3" replacement curb.

We have a couple questions.

1. Where is LWC on this request? Has the damaged area been identified by LWC?
2. Can LWC send funds to MPW so all repairs can be done at the same time? Is that current policy for repairs by utility companies?
3. Can MPW look at the remaining 125' and provide us with a cost estimate for a replacement 3' asphalt curb? My costs for asphalt apron curb at \$12/lf so \$1500.00 if this truly is only 125 feet. However, I want to caution you that 3 inches of asphalt apron curb may not be sufficient and water will likely go over the curb at times.
4. Does MPW have any funding available to help in partnership with our office for curb repairs, not related to LWC's responsibility? We can probably help out (assuming that \$1,500.00 is all it will cost) however, I would like to stress to you that this was a LWC project and had nothing to do with Metro Public Works. This roadway is not on our list for repaving in FY18. I am not sure what has transpired during the water company work but I have spoken with John as well, had an inspector review the area and sent the attached message in late August.

Mr. Pacyga and neighbors are happy to meet onsite, if necessary. Mr. Pacyga has also taken photos of the damage and can provide information on his measurements if necessary.

Thanks so much,
Kyle
