this is in regards to the request for the Change in Zoning from R-4 Single Family Residential to R-7 Multi-Family Residential. I am strongly opposed to the change in zoning on Urton Lane!!! With the addition of the apartments near the Fire Dept on Urton and the apartments on Ellingsworth near Blankenbaker, the traffic on Urton Lane has become extremely dangerous and has damaged the road. I live on Urton Lane and it saddens me that what were once beautiful fields are now being gobbled up by greedy developers. Urton Lane has a "Scenic roadway" sign which has become rather contradictory. Having additional multi-family residences will increase traffic and wear and tear on Urton Lane and surrounding roadways. Please do not approve this zone change!!!!

Sincerely,
Sondra Lea

Regarding case no. 19 zone - 0057
Property - 108 Urton Ln. located in Middletown

Honestly, how many more apartments have to be built in Middletown before enough is enough? The city's infrastructure is already maxed out! Yet they just keep building, building and building! So please NO more! Thanks, I have been a resident of Middletown since 2004 and am saddened to see what has happened to my quaint little city.
