So can I say that your concerns are addressed? I know it will be asked in the hearing. I am going to say the request is justified due to connectivity being maintained through easement, while improving pedestrian safety on S 3rd at the edge of the Spalding building where there is currently a blind intersection with that alley.

Not that I can think of. Thanks!

Claire,

Does Advanced Planning have any final comments on the alley closure associated with the old SoBro Kroger? I am working on the staff report.

Regards,

Jay Luckett, AICP
