The Construction Documents shall consist of all drawings, specifications, surveys, soils reports, addenda, and other information as provided to the General Contractor, all acting as a whole. None of this information nor any drawing sheets shall be taken separately or "stand alone" from the remainder of the Construction Documents. All subcontractors shall be responsible to review the entire set of Construction Documents to determine their particular scope of work. Any discrepancies or conflicting information not brought to the attention of the Architect prior to submitting a bid shall be interpreted at the sole discretion of the Architect.
