Cindy,

Can you please prepare a inter agency transfer of funds to LMPD 3rd Division in the amount of \$7000 to be utilized for overtime for neighborhood surveillance to combat speeding. I have a small balance of around \$1000 left but really see a need beyond what that could cover. The requests are far beyond what they speed spy can do and people are growingly upset about the lack of adherence to speed zones.

Major Scheu, will you please accept these funds for overtime to cover surveillance costs? I appreciate your consideration.

Thanks to all for your assistance.

Cindi

Cindy,

The average cost for an officer on OT is \$65.91 an hour. This rate would fluctuate depending on which officer is working it since the rate is based off of years of service. Hope this is what you were looking for.

Thanks

Hello Lt. Nichols,

Yes, we would like certain streets ran with radar by an officer and report back with details of tickets written and cost being deducted from NDF. We will use this for accountability of funds being used for NDF.

Could you please send me an invoice of the cost for an officer to take radar. I need this information for our NDF application.

Thank you,
Cindy

Cindi,

Just to be on the same page are you looking to use the OT funding for an officer or officers to run radar in certain areas and take enforcement actions?
