If you want it to be repaired quickly you will have to fund it. Otherwise, I can add it to our sidewalk backlog list awaiting funding.

Thank you for this. Is this something that is expected that D12 will cover the cost of? It sounds like there are some additional issues. Please let me know.

Thank you,
Heather

Please see the following sidewalk complaint.
I think that there might be a bigger issue here. The pipe might be broken somewhere underneath the sidewalk and thus may be in need of repair also. Can you check to see if this is already in your database.

This whole location reeks of sidewalk related issues....

Good afternoon, Steve. I followed up with the constituent regarding fixing the gap in the sidewalk on Valley College. He was very thankful. I let him know that no area was detected for repair at this time on the other side of Valley College as we discussed. He sent me these pictures. I told him I would forward along. Apparently part of the issue is overgrown vegetation that is blocking the sidewalk and then an area where it has collapsed.

Thanks,
Heather
