- A. The athletic facilities are located in a suburban form district; and
- B. Pedestrian and vehicular circulation patterns, including location of parking lots and driveways, must be designed to safely accommodate recreational users and avoid conflict with truck traffic, as determined by the Director of Works; and
- C. ~~If recreational uses are located within 500 feet of residential use or zone,~~ The applicant shall submit a lighting plan documenting compliance with Section 4.1.3 (Lighting ordinance); and
- D. No structure, parking area or outdoor recreation facility shall be located within 30 feet of a property line, unless further restricted in accordance with paragraph F below.
- E. Signs – Shall be in accordance with the on-premises sign standards of Chapter 8 of the LDC for non-residential uses.
- F. Athletic facilities in the R-R, R-E, R-1, R-2, R-3, R-4, R-5, R-5A, R-6, R-7 and R-8A districts shall meet the following compatibility requirements:

 2. No indoor athletic facility may be located closer than 50 feet to an adjacent property zoned for residential use.

- G. Athletic facilities in the M-1, M-2 and M-3 districts subject to a Conditional Use Permit may serve three purposes:
1. To allow a transitional use of industrially zoned land, while preserving the community's supply of industrially zoned property until such time as market demand justifies use of such property in a manner that will significantly meet the community's economic development needs; or
 2. To allow use of parcels for permanent open space or recreational purposes serving employees of an industrial development; or
 3. To accommodate greenways or similar open space use of environmentally constrained land, with or without trail systems or other recreational facilities.
- H. 4- Thus, athletic facilities are permitted only when the applicant indicates which of the three purposes the proposed use will meet, and can demonstrate the following to the satisfaction of the Board of Zoning Adjustment or the Board's designee:
1. a- If Transitional Use: The proposed athletic facilities do not entail construction of permanent facilities that are inconsistent with industrial use of the site.
 2. b- If Permanent Open Space/Recreation Use: The site is an integral component of a multi-lot business or industrial park, and the recreation facilities primarily benefit persons working at the industrial park.
 3. c- If Greenway or Environmentally Constrained: The site is subject to environmental constraints regulated in Chapter 4 Parts 6, 7, or 8, and is precluded from development by conservation easement or restriction on the development plan.
