Kip,

It looks like I'm not going to need any additional funding after all for the sidewalk repairs that are currently under way.

Please see the recently requested estimates below for your appropriations paper work if Councilman Stuckel is able to fund these repairs. Please let me know as soon as you know Councilman Stuckel's plans.

You might recall there are 20+ sidewalk repairs underway in the district. We have received requests from two different folks regarding a total of four other sections in need of repair that are, as luck would have it, on the same streets as some of the ongoing projects. The thought, then, was it makes sense to squeeze those four in with the current work if we can. Craig Allen with PW sent the email below outlining the cost. Just to confirm, are you OK with going ahead and funding the four sidewalk repairs outlined below? The grand total would be \$15,768.20.
