00:20:35.230 --> 00:20:41.426

I Appreciate that. Thank you.

54 "Kevin Kramer" (3845748224)

00:20:41.426 --> 00:21:13.786

Madam vice chair. Thank you madam chair. I don't know if I'm aging myself or not, but I will point out that I remember working with miss Rott when he was actually still on the city of Louisville's payroll with the fire department, where he served with distinction and has done great work on that Fern Creek board, where he has served in the past. And so to me this seems like a pretty obvious, I hate to say NO brainer, but I don't know how else to say it, so thank you mr. Rott for your service. We look forward to your continuing.

55 "Harward, Sonya" (445236736)

00:21:13.786 --> 00:21:30.089

Please to prove. Miss Jackson?

58 "Harward, Sonya" (445236736)

00:22:02.384 --> 00:22:22.279

So Kyle is the assistant director of public safety, with Bellermand University. He is out of Metro council District 18. He is a retired deputy fire chief as well as a former sergeant. He is more than.

59 "Harward, Sonya" (445236736)

00:22:22.279 --> 00:22:43.189

00:22:43.189 --> 00:23:03.189

Good evening council members. Thank you for giving me this opportunity to be reappointed. It's been a pleasure to work with Jeffsontown. One of the goals was to represent the highkesprint community once we merged and so I appreciate you giving us the opportunity to do that. I currently work as the chief of Bellman University I was promoted so when Debbie retired, so.

61 "Harward, Sonya" (445236736)

00:23:03.189 --> 00:23:13.744

I do that now and spent a lot of time with global division fire as well as so I do appreciate this opportunity. Have any questions or comments for this appointment?

00:23:13.744 --> 00:23:19.822

Adam's chair? Yes. Again.

63 "Harward, Sonya" (445236736)

00:23:19.822 --> 00:23:22.986

Just I give him.

64 "Kevin Kramer" (3845748224)

00:23:22.986 --> 00:23:51.340

Inadvertently aged myself, but, my family was involved at mcman. I was never one of those guys that would actually go into a burning building, that just seemed crazy to me. But I appreciate Kyle's willing to do it, willingness to do it. And so, I remember Kyle is a firefighter at mcman, where he did great work and then I followed his career with, great pride. So again, top notch selection, would hope that all of us support his appointment. Thanks, Kyle.

65 "Harward, Sonya" (445236736)

00:23:51.340 --> 00:23:54.961

86 "Harward, Sonya" (445236736)

00:29:48.029 --> 00:30:08.009

Excuse me, she has her masters, from the Northwestern State University, a BA from St. Augustine Florida, Florida, and this will be her second reappointment. She is in chamber, so I will let her come and introduce and answer any questions and tell a little bit more about her background.

87 "Harward, Sonya" (445236736)

00:30:08.009 --> 00:30:29.519

Hi, my name is Kate Metter. Thank you all for reconsidering or considering my reappointment. I am NO longer the director of the Conray Caldwa house museum, but I have spent 15 or so years working in the field of history Recently, I have.

88 "Harward, Sonya" (445236736)

00:30:29.519 --> 00:30:45.689

Started a small property management rehabilitation company and we rehabbed buildings in the western end.

89 "Harward, Sonya" (445236736)

00:30:45.689 --> 00:31:05.689

So, we've participated in some of the local programs like the land banks commission. We took a house that was previously unoccupied and and rehabilitated it and put it into use. We've done the same with a couple of buildings, a couple of homes in old Louisville.

90 "Harward, Sonya" (445236736)

00:31:05.689 --> 00:31:37.579

That were basically last looks, and our most recent project is the old gas station at 3rd in Hill and old livable. We're gonna adaptively reuse that into a restaurant for the neighborhood and the community gathering space. Yes, Historical properties only. Livable, usable, I kind of like for the foster care system of historic houses, we take ones that are kind of unloved.

91 "Harward, Sonya" (445236736)

00:31:37.579 --> 00:32:00.199

And love them back to life. Any questions? I just wanted to vouch for Kate. Oh, we lived on bell Gravy at court for a long time and my wife was involved in the Conrady Coalbury house and so we.

92 "Harward, Sonya" (445236736)

00:32:00.199 --> 00:32:26.429

Met Kate and she did a really nice job of rep representing the contract called house and so I think she's an excellent candidate for this board. Thanks. Thank you. Thank you.

93 "Harward, Sonya" (445236736)

00:32:26.429 --> 00:32:47.929

The next person is Morgan Ward. Morgan is the attorney on the board. I need to say more. He, he, he is an attorney with sites in Harborson, and he has served this position well. We are asking for his reappointment that he, this would be the last.

94 "Harward, Sonya" (445236736)

00:32:47.929 --> 00:33:17.399

Time that he is able to be reappointed. However, we are asking to move forward with it now. Morgan is in chambers to come and reintroduce himself to you. Good afternoon, Morgan Ward. And I've served on the landmarks commission for

two terms now, so this would be my final term at the pleasure of serving as chair of the commission for approximately five years.

95 "Harward, Sonya" (445236736)

00:33:17.399 --> 00:33:32.519

And, and I appreciate your considering me for a final term. Are there any questions? Comments?

96 "Harward, Sonya" (445236736)

00:33:32.519 --> 00:33:55.699

I just want to thank you for for serving on the board and serving his chair and being willing to do it for a 3rd time. I really appreciate that. No it's been my pleasure. I've learned a lot on the commission. Well, that's that's great and I have a wonderful it's a wonderful board and it's and and and there's.

97 "Harward, Sonya" (445236736)

00:33:55.699 --> 00:34:16.429

But to a person, everyone on the commission is very qualified, so thank you. Yeah, thank you. Thank you. The next next person is Ashley Akerman. Ashley is an architect, but she is filling the seat from our Metro chamber.

98 "Harward, Sonya" (445236736)

00:34:16.429 --> 00:34:36.179

Which is now one Louisville. She is with the Whalan ventures working on historical renovations. She has her masters of architect, a bachelor's of Arts from Ball State. This will be her last opportunity to be reappointed as well. She is in chambers and she will come and reintroduce herself to you.

99 "Harward, Sonya" (445236736)

00:34:36.179 --> 00:35:01.669

Hello, I'm Ashley Akerman. This will be my 3rd term on the board if I'm successfully reappointed. Wanted to say thank you for the consideration. I've really enjoyed my time on the landmarks commission in the past two terms. We've had some interesting cases come before us and it's been great to be part of the discussion and use my background in.

100 "Harward, Sonya" (445236736)

00:35:01.669 --> 00:35:12.719

In redeveloping historic properties with wayland ventures in downtown Blueville across Kentucky and the surrounding states to impact those decisions. So thank you very much.

101 "Harward, Sonya" (445236736)

Any questions or comments? Oh, ok. Sure you. I want to thank thank you for bringing your expertise I mean all you do at wayline ventures trans translates perfectly to this board, so thank you for your willingness.

102 "Harward, Sonya" (445236736)

00:35:30.449 --> 00:35:54.259

Thank you. Thank you very much. Our next person is William Temple Beam. We are asking to move forward with his appointment. He is a retired former executive director of Kentucky Board tax appeals. He's.

103 "Harward, Sonya" (445236736)

00:35:54.259 --> 00:36:14.259

Actually, he's also a former director of boards and commissions, as well as director of finance for Governor Patent, and he has lots of community involvement. He is here to introduce himself and you and to answer any questions that you may have. I won't go into any more of his back.

104 "Harward, Sonya" (445236736)

00:36:14.259 --> 00:36:35.999

I'll let him speak with you. Hi, I I'm William Beam. Just call me Billy. I'm very passionate about Lovel and I would love

in any way shape or form.

105 "Harward, Sonya" (445236736)

To show that civic pride. So any consideration you would have in this commission would be an honor to meet. Sir, I'm gonna take a few questions comments councilman Piagutini? I just want to say thank you for your service. I I think you're.

00:50:28.290 --> 00:50:48.290

Give back to the community and support those folks that do so much for us. Does anyone have any questions or comments for mr. Sailor? Councilman Piongotini. Thank you madam chair. Just want to thank you for your continued service and and also say, you know, you have a background in finance. It's quite important these.

150 "Harward, Sonya" (445236736)

00:50:48.290 --> 00:51:20.990

Fire districts I mean they're dealing with big dollars and I think it's important, you know, moving forward, we probably need to look at each one of them and make sure there's somebody on the board that has, some sort of background in finance and understands these large budgets they're dealing with. I mean, I live in the Middleton Anchorage fire department. I think it's like 2nd or 3rd largest in the state now, you know, it's just an it's a huge budget, big personnel, you know, big numbers and we appreciate your willingness to serve, but I think.

151 "Harward, Sonya" (445236736)

00:51:20.990 --> 00:51:37.326

Thank you sir. If there aren't any other questions or comments we are ready to vote on this appointment. Are those in favors say I.

152 "Woolridge, Ginny" (1924919808)

00:51:37.326 --> 00:51:39.541

I.

153 "Harward, Sonya" (445236736)

00:51:39.541 --> 00:51:51.024

Yeah. Thank you. There are any other items on the agenda for today, so.

154 "Woolridge, Ginny" (1924919808)

00:51:51.024 --> 00:52:06.090

Okay stop me. Yeah, madam chair, we started with appointments, so we need to go back to the pending legislation one and two.

155 "Harward, Sonya" (445236736)

00:52:30.106 --> 00:52:50.280

Hey so item number three on the agenda is an ordinance amending section 50.24 of the Metro coder ordinances to amend the debt service adjustment. I need them. Thank you. Councilman Reed.

156 "Harward, Sonya" (445236736)

00:52:50.280 --> 00:53:07.530

Would you like to speak on this, please? Yes, I would, and thank you very much, Madam Sheriff. So, I just want to say for the people that are listening and watching that we hear you with regard to MSD, and we understand.

157 "Harward, Sonya" (445236736)

00:53:07.530 --> 00:53:27.530

That years of perpetual increases have taken their toll, ok? We also understand that LG and E rates have gone up, water rates have gone up, groceries, gasoline, everything. So I did a little digging and yes, Metro council, some 20 years.

158 "Harward, Sonya" (445236736)

00:53:27.530 --> 00:53:48.740

Years ago or more at the merger, adopted the ordinance that allowed LG and I'm sorry MSD to increase up to 6.9 % every year without metro council vote. So, what this legislation does is it ties their increase to CPI consumer price index.

159 "Harward, Sonya" (445236736)

00:53:48.740 --> 00:54:17.340

Plus 1 % and that should make it around two to 4 % on a yearly basis. Anything beyond that would come to metro council, for a vote. Now, you know, I think the easy thing politically for us to do would be simply to say, ok, 6.9 % not to have any accountability whatsoever, but I happen to believe that, number one, there's a consent decree that's been around since 2005.

160 "Harward, Sonya" (445236736)

00:54:17.340 --> 00:54:37.340

I I I would like personally to get some MSD representation in here, maybe extend an invitation to Tony Perit himself to come in and talk to us so that we can ask him about these perpetual increases. I can promise you that some 20 years ago when Metro Council developed this order.

161 "Harward, Sonya" (445236736)

00:54:37.340 --> 00:54:57.340

Up to, to 6.9 %. They weren't thinking perpetual increases to 6.9 % every year. Now it wasn't 6.9 % this year, but I have I have a theory on why that's the case. They are undergoing a state audit, so maybe it's because eyes are on them, but I think we as a legislative body owe it to the public.

162 "Harward, Sonya" (445236736)

00:54:57.340 --> 00:55:21.180

Like to get some answers. So that's, that's the that's the impetus here. I, I I have NO problem at all extending an invitation for director parent, to come in and and and talk to this, to this committee. But I think it's time that we get some answers on number one, why is that consent decrease still here when it was supposed to go away in 2022?

163 "Harward, Sonya" (445236736)

00:55:21.180 --> 00:55:41.180

And and it keeps getting pushed out and keeps getting pushed out and it's a moving target every year. So, and that's \$50 or more on everybody's bill, with NO end in sight. So the purpose of this legislation is to open up discussion. This is my 1st salvo.

164 "Harward, Sonya" (445236736)

00:55:41.180 --> 00:56:06.690

Want it, I I I, you know, I, I I believe that if it's anything beyond cost of living, they need to come to us, ok? I also don't believe it's a very good look that I think it was eight of the ten top public officials in this state or MSD employees in

light of the fact that people are having to pay more and more every, every year. So happy to answer any questions.

165 "Harward, Sonya" (445236736)

00:56:06.690 --> 00:56:26.690

I'd like to add some comments. I think it would be a great idea to have the MSD people here to explain where they are with this consent decree. I also like to know when this was passed 20 years ago, was there a sunset on this automatic increase, ok? So.

166 "Harward, Sonya" (445236736)

00:56:26.690 --> 00:56:46.690

No I don't, you're talking about the 6.9 %? No. Yeah. Okay. I would like to know where we are in that consent decree. I do recognize that there isn't a lot of infrastructure needs and I I know that they are trying to make things happen year by year by year with some of the.

167 "Harward, Sonya" (445236736)

00:56:46.690 --> 00:57:06.690

Infrastructure especially in some of the disinvested neighborhoods such as the district that I served district five, which was developed only for a lot of the other neighborhoods were developed, so some of the other neighborhoods have a different drainage system than the older established neighborhood.

168 "Harward, Sonya" (445236736)

00:57:06.690 --> 00:57:29.000

Good so I'd like to know all of these things are part of this consent decree, where were they then when this was this consent decree was agreed on? Where are we now? Because I know the old sand goes, you get what you pay for. And so I would like to give MSD folks mr. pair.

169 "Harward, Sonya" (445236736)

00:57:29.000 --> 00:58:02.420

Errett and others Brian Bingom, some of his chief engineers, I'd like to give them an opportunity to come here and speak on this to tell us where they were then, where they are now, and when do they look to have all of this stuff completed so that they will NO longer be under this consent decree. I think those are very legitimate questions. Thank you. Councilman. Thank you. 1st of all, I just want to say a big kudos to to councilman reed here. Obviously I think the intention in here, you know, I know there's others.

170 "Harward, Sonya" (445236736)

00:58:02.420 --> 00:58:19.950

I don't want to speak quickly, but we'll we'll table this because I think we do need to have some discussion robust debate MSD must come and present, and all of that I think can happen in the, in the next month to two months and then we can figure out when to vote on it from there. But I just wanna.

171 "Harward, Sonya" (445236736)

00:58:19.950 --> 00:58:39.950

Speak there who worked with the state auditor to ask for an audit of MSD that is ongoing. We hear we should see results soon you know in the in by soon in government terms, which means maybe a couple months, but, but great progress is being made there and we want to appreciate.

172 "Harward, Sonya" (445236736)

00:58:39.950 --> 00:59:05.270

Create auditor balls work to take a look at what's going on here and and I want to be super clear about what this means. This does not mean that MSD cannot increase the rates to whatever they want to increase it to. The difference is that now they must come to a public forum and explain the increase and then this council on behalf of the citizens we represent must say yes, we.

173 "Harward, Sonya" (445236736)

00:59:05.270 --> 00:59:30.450

Agree with that increase or NO we don't, right? So as example, Madam chair, very community. And so if they explain that, you know, set such an increase is gonna be invested in a certain way that you know 14 of us agree is the right thing to do, then they're gonna get the increase they need. But I do think it is.

174 "Harward, Sonya" (445236736)

00:59:30.450 --> 00:59:50.450

We are better representing the people we serve to make sure that that process is in place where we have a lower threshold so that we can have these public hearings more often when an increase beyond what I'll just call the standard cost of living happens. So I don't want people to confuse this with this.

175 "Harward, Sonya" (445236736)

00:59:50.450 --> 01:00:10.450

So, thank you very much, council Reed for moving forward.

176 "Harward, Sonya" (445236736)

01:00:10.450 --> 01:00:37.650

And I'll just ask again. Thank you Madam Chairman. Councilman Owen. Thank you chair. I just wanted to say I look forward to the conversation and and the debate I think it will be extensive and interesting and maybe we'll have an audit in front of us when the time comes to have that conversation. I do think it's really important that.

177 "Harward, Sonya" (445236736)

01:00:37.650 --> 01:00:57.650

We are talking about these issues across the board. We really don't have a whole lot to do with energy in terms of gas electric. It's PSC, but I would like to think that the PSA would have an affordability kind of investigation into those prices as well cause those are going up to.

178 "Harward, Sonya" (445236736)

01:00:57.650 --> 01:01:17.650

Significantly well as well. So I think yes, these utilities are highly capital intensive and so they require a ton of investment by by these companies, but at the same time, we need to make sure that the way they're being governed is modernized and is makes sense.

179 "Harward, Sonya" (445236736)

01:01:17.650 --> 01:01:47.400

With the current structures that we have in place. And so I think it's worth the conversation here and I hope the conversation happens both with all the other utilities as well, both here locally and at the state level. Thank you. No, I agree, when it comes to utilities such as LG and E, I, I do wish we had some competition because right now they, they might not belong to this market.

180 "Harward, Sonya" (445236736)

01:01:47.400 --> 01:02:04.590

And we really just don't have much to say about how they stick it to us. So, sorry. Thank you. Councilman Brettcher. I like the way you put that. You know, and I, and I really appreciate.

181 "Harward, Sonya" (445236736)

01:02:04.590 --> 01:02:24.590

Councilman Reed doing this seems like in when I was in Frankfurt, my last ten years I went round and round with MSD, some of me and my colleagues constantly. You know since O seven, they have raised rates effectively 400 % since then. Now who, who sa.

182 "Harward, Sonya" (445236736)

01:02:24.590 --> 01:02:53.850

Valerie since O seven has went up 4 % 400 per 400 %, I'm sorry, 400 %, four times. So if your bill was \$50 in O seven,

it's 200 a day. It's crazy how much they have raised rates, and they average, you know, and oh and that year oh seven they raised 31 %. And I remember they came in 2017 and, they were gonna raise it 20 % and I.

183 "Harward, Sonya" (445236736)

01:02:53.850 --> 01:03:13.850

It did a resolution to, to put them under the PSC in Frankfurt and they called it the war on Louisville because I thought a 20 % increase in one year was crazy, and they didn't do it that year, thank god. But it's crazy how much to me, how much six They average about six.

184 "Harward, Sonya" (445236736)

01:03:13.850 --> 01:03:33.850

7 % a year and you got some old folks out there, and I'm an old folk now, so I gotta quit saying that word. We I got peers out there that are having a hard time making the ends meet and, who, who raises their rates seven 6 % and, and, and they.

185 "Harward, Sonya" (445236736)

01:03:33.850 --> 01:03:59.660

Can go up to, what is it? 9 %, Scott that they can go up to 6.9 and if you go look at an average over the years, that's about where they, they come every year just below to where the metro council will get involved. So I really like this and I think we're really taking a stand for the, for the common citizen out there that is being taxed without representation.

186 "Harward, Sonya" (445236736)

01:03:59.660 --> 01:04:25.743

Cause this is hacks and and I, and I'm, I understand they have a tough job with their infrastructure. Things are falling apart. Some of that they say was built just after the civil war or or pre war war one. So that's some serious issues, but it'll be great to have them in here. They have come to Frankfurt many times and then they go away.

187 "Harward, Sonya" (445236736)

01:04:29.585 --> 01:04:49.790

And then they would come back later and raise the rates, so they, they're very, they know what they're doing, they're very crafty, and this isn't a hit on them. It's just, it really, it it gets my wheels running when when they can raise this kind of rates without any elected officials having any input what's.

188 "Harward, Sonya" (445236736)

01:04:49.790 --> 01:04:59.729

However. So this is a great bill and I really appreciate a great ordinance. Thank you sir.

189 "Tammy" (2248903424)

01:04:59.729 --> 01:05:15.080

Thank you, thank you. 1st I want to say I would love to be a co sponsor. I want to commend my colleague councilmen Reed. This is some phenomenal phenomenal legislation.

190 "Tammy" (2248903424)

01:05:15.080 --> 01:05:35.480

I've been having a lot of my constituents, you know, call my office about these rates, not to mention, you know, the smell's not getting any better. So the two don't go hand in hand. So I definitely think that it warrants MSD to come in, you know, to kind of bring us up.

191 "Tammy" (2248903424)

01:05:35.480 --> 01:05:47.887

Up to speed, you know, what's going on and definitely give the community a explanation why rates are going up. Thank you.

192 "Harward, Sonya" (445236736)

01:05:49.006 --> 01:06:05.040

Thank you, just quick comment, by the way, the consent to create, we also should I mean we it was just announced a little while ago that we lifted the EPA lifted our reformulated gas.

193 "Harward, Sonya" (445236736)

01:06:05.040 --> 01:06:25.040

To see if we can't get.

194 "Harward, Sonya" (445236736)

01:06:25.040 --> 01:06:45.040

Some of the those requirements from the federal government lifted that could reduce the costs for MSD that can be passed along to rate payers, so I think this might be a multiple layer government effort to get these costs under control. But with that said, I'm looking forward to it, this is gonna be a very robust discussion, but I think for now I'm gonna make a motion to table.

195 "Harward, Sonya" (445236736)

01:06:45.040 --> 01:06:56.107

Second. Hey, all those in favor of tabling this.

196 "Woolridge, Ginny" (2723717888)

01:06:56.107 --> 01:06:57.266

Hey.

197 "Harward, Sonya" (445236736)

01:06:57.266 --> 01:07:05.640

I, in the opposition, the as have it, this will be tabled for further discussion.

198 "Harward, Sonya" (445236736)

01:07:05.640 --> 01:07:25.640

Postponed. Is nothing else? Good discussion. This meeting is now adjourned. Thank you.
