

Louisville Metro Council City Agency Request

☐	Neighborhood Development Fund (NDF)
☒	Capital Infrastructure Fund (CIF)
☐	Municipal Aid Program (MAP)

Primary Sponsor: CM Tom Owen

Amount: \$944.50

Date: Feb. 12, 2015

Description of program/project including public purpose, additional funding sources, location of project/program and any external grantee(s):

CIF to go for printing and posting of 4 public signs for Cherokee Triangle Historic Preservation District. The total cost is \$1889.00, Cherokee Triangle Assoc. is splitting the cost of this public education signage. They are to be posted on the perimeter of Cherokee Triangle.

City Agency: Metro Public Works-Traffic Engineering

Contact Person: Stuart Sparks

Agency Phone: 502-574-3650

I have reviewed this request for an expenditure of city tax dollars, and have determined the funds will be used for a public purpose.

NDF OR CIF INTERAGENCY CHECKLIST

Interagency Name: Louisville Public Works – Traffic Engineering

Program/Project Name:

Yes/No/NA

Request Form: Is the NDF Request Signed by all Council Member(s) Appropriating Funding?

na

Request Form: If matching funds are to be used, are they disclosed with account numbers in the request form description?

na

Request Form: If matching funds are to be used, does the amount of the request exclude the matching fund amount?

na

Request Form: If other funds are to be used for this project, are they disclosed with account numbers in the request form description?

yes

Funding Source: If CIF is being requested, does Metro Louisville own/will own the real estate, building or equipment? If not, the funding source is probably NDF.

yes

Funding Source: If CIF is being requested, does the project have a useful life of more than one year? If not, the funding source is probably NDF.

yes

Ordinance Required: Is the NDF request to a Metro Agency greater than \$5,000?

na

Ordinance Required: Is the request a transfer from NDF to cost center? If so, is the amount given for the fiscal year \$25,000 or less?

na

Of course. Please let us know what account to bill against once the work is complete.

Gail,

Please contact Bonnie (copied on this email) to get the details regarding payment.

Thanks,

I think that the new total is \$1,889.00.

Barb,

Please provide additional information pertaining the the image file type as requested below.

Thanks,

Absolutely, CTA stands ready to pay one half cost of signage replacement.

Also, Stuart, we need clarification on preferred file: we are informed that CVR is seldom used now; did you intend to request AI (Adobe Illustrated) for we don't know AL. Please advise for we have talks underway w/ graphic designer. Also, tell us if you want art work in B&W or in Pantome dark green background w/ white lettering.

Thanks to all,
Gail Morris

We just need to know if your group is willing to pay metro the other half....I think that was still out last time to be brought in front of board....after you send me that ... I'll do our paperwork to Public Works for our half and you still needed to get proper designs to Stuart Sparks.

Stuart, do you have the exact cost of the signs....with the graffiti coating?

Gail:

Terra monitors our discretionary account. At worst, we'd have to wait until July 1 for new fiscal year replenishment but I doubt if our account is perilously low. On the otherhand our discretionary sidewalk and paving account is just about gone for this fiscal year.

Still working on Metro request for different style design qualification; hope to be able to provide soon. Is your much appreciated funding offer time-sensitive?

Tom has given me the "go ahead" to say he is willing to split the cost of signs. Gail, let me know if this is acceptable to CTNA. Stuart, once this is approved by CTNA please send me an e-mail stating you will accept the funding and we will start our half of the paperwork.

See comments below.

Also, as stated below, we will need better artwork for the proposed signs. The ones that have been provided are too small and will turn out badly pixelated when enlarged. An actual size AL or CDR file would be optimum.

Stuart,

Your report and proposal was discussed at the January 19, 2015 Cherokee Triangle Association meeting. Members were most appreciative of the excellent documentation/photographs you provided. We will proceed with a determination of our budgetary resources. When those funds are confirmed, I will then make contact with you, and the other appropriate individuals, to schedule the work.

Questions:

- *Is it possible for new signs to be coated with anti-graffiti paint, an important application due to the fact the Association will be charged with maintenance responsibility of newly replaced signage; Yes, but it will add an additional cost of \$5 per sign.

- *What will timetable be for work completion from fabrication to installation;

Approximately 5 weeks as long as we receive everything we need to schedule fabrication and installation by February 6th, 2015.

- *What is proposed gauge of metal used for signs. 0.08

Per our conversation this morning, the two photograph markers that we want to change are the following:

- *Number 3: Grinstead Drive at alley just past Speedway: existing sign is to remain and be replaced with newly designed version; OK.

- *Number 4: Cherokee Road at Grinstead Drive intersection, across from Highland Baptist Church: existing sign is to be removed. OK.

We still need to confirm wording from new signs, whether it is "Cherokee Triangle Historic Preservation District" or "Cherokee Triangle Preservation District." Please advise how the other six Metro preservation districts have worded signs; consistency might be a good rule to maintain here. Concern is that the 30"x30" triangular sign not be filled with wording. I am not familiar with the particular wording of the other districts. We can accommodate whatever wording you would like to use.

We soon hope to be in discussion with Councilman Tom Owen with regard to available dollars from the Councilman's neighborhood discretionary fund, as well as the Association's budgetary capital improvement allowance.

Again, your assistance and input have been extremely helpful.

Regards,

Gail Morris

Gail,

I hope this message finds you and your family well after the holiday season.

Louisville Metro Public Works has completed the cost estimate, as requested, for the removal of existing and installation of proposed signage associated with the Cherokee Triangle Neighborhood. As discussed, Louisville Metro Public Works does not, at any time, assume responsibility for maintenance or replacement of this signage. Please review the attached plan to ensure that it encompasses all items discussed during our site meeting. The total cost for the project will be \$1,819.00. Assuming you find this estimate suitable, please work with Bonnie Roades regarding the payment. As soon as we have received payment, we will schedule fabrication and installation of this project. We will need better artwork for the proposed signs. The ones that have been provided are too small and will turn out badly pixelated when enlarged. An actual size AL or CDR file would be optimum. Please let me know if you have any questions or if you would like to discuss this matter further. Have a great day.

Kindly,
