This section shall not apply to those buildings or structures located within a historic preservation district. Upon application for a demolition permit of an Affected Structure as defined above in (A)(3) or (A)(4) of this subsection, a Landmarks Commission Historic Preservation Professional, if requested by the applicant shall determine whether the building(s) or structure meets the criteria for listing in the National Register of Historic Places. This determination shall be made within 14 days of the application. If it is determined in writing that the building(s) or structure does not meet the criteria for listing in the National Register of Historic Places, the permit may be approved and issued without regard to the 30-day period or the certification as set forth in subsection (B), or the redevelopment plan or building permits as set forth in subsection (C), below. Otherwise, the permit shall be issued at the expiration of the 30-day period.

(B) *Certification to the department.* The applicant or property owner shall certify to the Department of Codes and Regulations (the “Department”) that notice of intent to demolish has been given to abutting properties on either side of the parcel containing the ~~building~~ Affected Structure, the Louisville Metro Department of Neighborhoods Planning and Design Services, and the Council Member whose district contains the proposed demolition site on a form provided by the Department. The applicant or property owner shall also cause a sign, in accordance with standards established by the Department, to be posted on the proposed demolition site of the ~~building~~ Affected Structure.

(C) *Site redevelopment.* In addition to the requirements in subsection (B) hereof, and except as provided in subsections (D) and (E) hereof, a wrecking permit for an Affected Structure shall not be issued until a plan for redevelopment of the subject property has been approved by the appropriate approving authority and building permits for the proposed redevelopment have been issued.

(D) *Site not to be redeveloped.* If the property on which the Affected Structure is not proposed to be redeveloped contemporaneous with the demolition of the Affected Structure, the applicant or property owner shall provide a written statement to that effect to the Department and, prior to issuance of the wrecking permit, the property owner shall record a deed restriction in a form approved by the Department prohibiting any development of the subject property for a period of two (2) years from the date the restriction is recorded. In such case, no permits shall be requested or issued for development on the subject property for said two-year period.

(E) *Exception.*

(1) ~~The above subsection (A)~~ This ordinance shall not apply: (1) in any case where the Department, the Division of Fire, a Fire Protection District, the Board of Health, or any officer or agency thereof, or any court orders or directs the demolition of any structure or building for the purpose of remedying conditions determined to be dangerous to life, health or property-; (2) to demolitions intended to protect health and safety pursuant to LMCO §§ 156.806 and 156.807; or (3) to any demolition directed by Louisville Metro Government, the Louisville and Jefferson County Landbank Authority,

Inc., the Louisville Metro Office of Vacant and Public Property Administration, the Metropolitan Sewer District or any other governmental entity or agency.

~~(2) The above subsection (A) shall not apply; in any case that the Landmarks Commission has made a determination that the building does not meet the criteria for listing in the National Register of Historic Places. The Landmarks Commission shall make such determination within 14 days of request by the building owner.~~(1) if the proposed demolition is part of an approved site redevelopment plan which has been through a public review process that included a properly-noticed public meeting before a Louisville Metro Board or Commission, including at least 30-day notice of the potential demolition of the Affected Structure, with the opportunity for public comment; or (2) if the proposed demolition has been approved by the Landmarks Commission or a Committee thereof.
