- Capital Infrastructure Fund (CIF)**
- Municipal Aid Program (MAP)

MAY 21 2015 PM 3:46 *GA*

Primary Sponsor: CM Tom Owen

Amount: \$5,020.00 **Date:** May 21, 2015

Description of program/project including public purpose, additional funding sources, location of project/program and any external grantee(s):
 District 8 is looking to purchase 9 new bus benches at 20% cost of shared funds from TARC and Public Works. There will also be two trash receptacles that will be placed at Tyler Lane and Bardstown Road, second to be located at Highland Ave. and Bardstown Road. Pictures and location of benches are included in attachments.

9 TARC benches = \$4,320.00
 2 trash cans = \$ 700.00
 total \$5,020.00

This will add comfort for those waiting for public transportation and litter receptacles for two problem areas.

Terra,

I apologize for my delayed response. (I was out of office for last 2 months and trying to catch up). Public Works will accept funds from District 8 for TARC bus stop improvement projects. Please let me know if you have any questions. Thanks

Mojgan

Terra:

That is fine, so I'll add 2 Victor Stanley trash receptacles and add \$700 to the previous match amount (\$4,320 + \$700 = \$5,020). I know Dist. 8 already had some funding available.

Please contact Mojgan to check on the current account balance.

Thanks,
Mark

Can we get one at Highland and Bardstown Road...front of Jack Fry's (1007 Bardstown Road) by bus stop bench and the other at Tyler Lane and Bardstown Road at bus stop for Assumption High School.

Terra - Which 2 bus stop locations are you looking for? We could add 2 Victor Stanley trash receptacles with swing doors for \$1,750 each (\$3,500 total with a \$700 amount for the 20% match).

Importance: High

We are about to place order with Public Works and TARC for more benches on the corridor.....are any of the cans needing replacement next to bus stops....I know the "Jack Fry's" one is. Mark, these are essential to keeping these stops clean....can we get two of the trash receptacles with our bench order?
