Subject: 3rd Division Overtime

Major Harper:

As discussed CM Yates wishes to provide Overtime funding through his Neighborhood Development Fund dollars to allow for increased police patrol in District 25. Our Specific issues are:

- 1) Speeding in our neighborhoods and arterial roads
- 2) Illegal use of ATV's & other recreational vehicles in the Sand Pit off of the Woodridge Lake Subdivision on Jefferson Memorial Park Grounds. The entrance being used by the ATV owners is also a hot spot for Heroin/drug sales/usage as well as a dumping ground.
- 3) These funds can also be utilized to help hold drug drop offs at the Southwest Government Center to help fight the illegal use of prescription drugs and get expired drugs easily off the streets.
- 4) Councilman Yates also hopes in the near future to discuss the Waverly Park entrance that is not being locked up consistently by Parks due to budget cuts. CM Yates understands that LMPD was asked in years past to close the entrance to Waverly after dark. CM Yates would like to ensure Waverly does get locked up regularly as during the summer the increased amount of late night Waverly park visitors increases and neighbors are reporting finding syringes, hearing gun shots and cleaning up alcohol bottles throughout the week and weekend.

Councilman Yates wishes to provide \$3,000 to combat these issues. Please alert our office if you will accept the overtime funding.

Thank you,

Brian Boles

Major Harper,

A very big thank you for your efforts. This is exactly what David was hoping to organize and we will be doing everything possible to get the word out. Now that we have a date our offices will coordinate a press release as well when we are closer to the event. As we spoke about after our meeting Councilman Yates will be submitting an NDF Request for 3rd Division Overtime. If funds are needed to help host this event I know CM Yates will gladly include that in the request.

Thank you,

Brian Boles

Subject: Drug Drop Off

Greetings,

I have coordinated with the Prescription Drug Unit to do a drug drop off. I have a date set for Wednesday, July 8th, 2015 from 6pm to 8pm. These hours should cover those after work, and assist with the Dixie Highway rush hour.

My plan is to make this the most accessible and quick process by allowing our citizens the ability to simply pull off of Dixie Highway, drive through the front of the Urban Government Center toss their unwanted drugs and drive off without ever getting out of their vehicles. Basically, I want this first one to be the best ever and set a standard to make things easy for our people. The easier it is, the better the turnout, and publicity for the next one we have.

If you wish you can notify your constituents, as we will also, to include the social media websites like "I am Dixie". I will create a flyer you can send out in the next day or so. We will have some good traffic control to run this thing like one should be ran.

I also will be contacting Stephon Johnson who does great positive stories from WDRB and ask him to do a promotion for Southwest Louisville and the Drug Toss.

Thanks

J. Harper

Brian,

Please sign for me for the LMPD OT NDF as I will be unable to leave court until after the noon deadline for NDFs today.

Thank you,

David
