Re: Karst Survey
Proposed Medical Office Building
3506 Bardstown Road
2125 & 2127 Bashford Manor Lane
Louisville, Kentucky
Project Number 15-030

Dear Mr. Ernst:

On February 3rd, 2015, we performed a walkover of the above referenced property that is outlined on the attached drawing. We found on evidence of subsidence related to karst development. There is no evidence that a sinkhole is developing or has developed on this property that can be inferred from the walkover of this site.

If you have any questions in regard to this letter, please call.

Sincerely,

GREENBAUM ASSOCIATES, INC.

Sandor R. Greenbaum, P.E.
Principal Engineer
