Hello Danielle-

Attached is the cost estimate from the city contractor for the removal of the elm tree in the island of Norwich Blvd.

If Council District 12 appropriates funds for the specified work, the Division will accept the funds and have the contractor perform the work. The Division is not able to have the work performed prior to receiving the appropriated funds. Be advised, cost estimates are only valid for a limited time period. Before submitting to Appropriations Committee for approval, if there has been a time lapse greater than 60 days since the date of the cost estimate, please contact me to determine if the cost estimate needs to be revised.

Please let me know how else I may assist you.
Thank you, Erin
