Unit 1 was traveling north on N Hurstbourne Pkwy in a curve and hydro-planed on the wet roadway. The vehicle spun out, went off the right shoulder through the grass and through a tree limb, and collided on the drivers side with another tree. Final rest was against the tree with the vehicle's driver's side partially suspended in the air against the tree facing southbound. Unit 1 stated the tires would not grip the road in the curve. Unit 1 passenger had pain to the rib area and head and was treated and released by EMS. Unit 1 operator stated he just came to live in the U.S. from Mexico a few months back and only had a Mexican "Gobierno del Estado de Veracruz" drivers license # 010000322087.
