PUBLIC HEARING

CASE NUMBER 18CUP1198

Councilman Bill Hollander, 601 W. Jefferson St., Louisville, KY 40202
Councilman Brandon Coan, 601 W. Jefferson St., Louisville, KY 40202

Summary of testimony of those neither for nor against:

02:06:42 Councilman Bill Hollander spoke neither for nor against the request. Councilman Hollander discussed the 600 foot rule and its application. Councilman Hollander stated he does not think it is mentioned enough that every non-owner-occupied short term rental that is granted takes a home out of use for people who live here year-round. He stated we are reducing the housing stock in the community as we grant more and more non-owner-occupied short term rentals, and that has an effect on the affordability of housing in this community. Councilman Hollander stated the 600 foot rule, applied appropriately, can preserve affordable housing in the community. Councilman Hollander responded to questions from the Board Members (see recording for detailed presentation).

02:18:55 Councilman Brandon Coan spoke neither for nor against the request. Councilman Coan discussed land use and the 600 foot rule. Councilman Coan stated they did have the opportunity in drafting to include some sort of “this shall not be waived” language, or the 600 foot rule could have been put in the Louisville Metro Code of Ordinances and there would have been no discretion. Councilman Coan stated he thought it was important because of the vast number of different fact patterns that exist in neighborhoods. Councilman Coan stated it’s a waivable or modifiable condition that BOZA has discretion over, but of the various different kinds of waivers and variances and permissions that people seek, there’s a big difference in them. Councilman Coan stated he is confident that BOZA understands their intent (see recording for detailed presentation).

The following spoke in opposition of the request:

Ray Brundige, 1718 Edgeland Ave., Louisville, KY 40204
Nicholas Seivers, 814 Fetter Ave., Louisville, KY 40217

Summary of testimony of those in opposition:

02:24:32 Ray Brundige spoke in opposition of the request. Mr. Brundige stated he is sort of neutral about this particular case, but he’s very much opposed

BOARD OF ZONING ADJUSTMENT MINUTES

PUBLIC HEARING

CASE NUMBER 18CUP1198

in general to the 600 foot rule being eroded. Mr. Brundige responded to questions from the Board Members (see recording for detailed presentation).

02:32:01 Nicholas Seivers spoke in opposition of the request. Mr. Seivers stated his concern is that there are so many short term rentals. Mr. Seivers responded to questions from the Board Members (see recording for detailed presentation).

REBUTTAL:

02:34:41 John Talbott spoke in rebuttal. Mr. Talbott stated they believe there are sufficient grounds for waiving the 600 foot rule, and the rule does not require a higher standard. Mr. Talbott stated you did not hear one single fact from the opposition; you heard a lot of opinion and a lot of thoughts on what they thought the rule should state, but they didn't read the rule because it doesn't state that. Mr. Talbott stated they've given lots of reasons to waive this rule and he would ask the Board to consider them and to apply the same standard that is applied to other rules for CUP's when it comes to waiving (see recording for detailed presentation).

02:39:16 Board Members' deliberation

02:39:26 Travis Fiechter, Legal Counsel, stated there are two legal issues he may need to touch on. One is the status of short term rentals that claim to be in operation prior to the initial short term rental ordinance. Mr. Fiechter stated it has been the position of the County Attorney's Office and Planning & Design and the City of Louisville that those were not permissible operations, they were illegal uses and many of them were cited, so they disagree with any nonconforming rights, pre-existing status argument. Mr. Fiechter stated we have a process by which nonconforming rights are determined, and that is not what this hearing is. Mr. Fiechter stated there's been a lot of words thrown around that people may or may not want to use as a standard and an important note for him to make there is that there was a case that established a zoning standard known as compelling need which was a way for the court to step in when a Planning Commission made an erroneous decision about a zoning. Mr. Fiechter stated he doesn't believe that's even in use any more, and more importantly it's not in play here. Mr. Fiechter stated even though the word compel may have come up, the Board has never been advised that there's a formal standard known as compelling here, and furthermore it clearly doesn't exist in the ordinance. Mr. Fiechter

BOARD OF ZONING ADJUSTMENT MINUTES

PUBLIC HEARING

CASE NUMBER 18CUP1198

stated when it's appropriate to grant a waiver is squarely within this Board's purview. Mr. Fiechter responded to questions from the Board Members (see recording for detailed presentation).

02:50:07 On a motion by Member Leanhart, seconded by Member Turner, the following resolution, based upon the testimony heard today, was adopted:

WHEREAS, the Louisville Metro Board of Zoning Adjustment finds that the request does not meet all of the listed requirements and the Conditional Use Permit cannot be approved; now, therefore be it
