Hi Heather,

We have gotten the survey done. So we would be ready for the hearing. I think during the last hearing there was confusion by the board a bit on what we wanted. We wanted a variance to do a 6 ft privacy fence but we are flexible about the location. They did a preliminary drawing of where the fence would be, and obviously we would stay inside the property line. So I guess my question would be given the survey what is largest area we can have using a 6 ft fence. Is there under any circumstances we can have a 6 ft fence without needing a variance? Can we just go up to the property edge on the survey map and have the fence enclose the property line? I had a few of these questions. It may be easier to ask over the phone so maybe you can call me when you are available. I have included a copy of the survey to help you visualize a bit better.

Thank you

Good afternoon,  
 I am back at work now and wanted to follow up with you in advance of your next public hearing on the 17<sup>th</sup>. Have you been able to get a survey of your street side yard? I believe the board was also wanting to see an illustration of the proposed fence.  
 Please let me know if I can be of any assistance or if you would like more time, we have a spot open on the 10/31 agenda.  
 Best,  
 Heather Pollock

Heather,  
Ms. Hewitt is female but she should be there. I will try to be available on the zoom via computer if the times work out. I'm in a training class during that time.  
Thank you,  
Daniel Most

Hello,  
Please find below, the meeting information and link to log into the virtual public hearing on Monday. Your variance is 5<sup>th</sup> on the agenda. Mr. Hewitt will need to attend this hearing in person if the plan is for him to be the representative. We ask that he sign up in advance of the meeting by filling out an online speaker's form. Please click [here](#) to access the form. I've attached the staff report so you can take a look at it; the staff presentation will be going over the information in the report. You do not have to have a presentation though the Board may have some questions for you. If you decide you would like to do a presentation please provide it to us in advance so that we may upload it to the meeting. Please let me know if you have any questions.  
Best,

Hi Heather,

I have a variance scheduled for the 12th of September for a fence and I lost the email for the meeting. Can you resend the information. Also I will be out of town on business that day so my co owner on the house Hermon Hewitt will be attending in my place. Please let me know if there is any issues with this.

Thank you  
Daniel Most
