Kyle,
The cost to repave N. Hite from Brownsboro to Lindsay is \$54,000. If you need anything else, please let me know.
Thanks,
Andrew

Yes, just swap a road for the named road in the budget. I'm assuming I'll see go through approps. Just waiting on estimate from MPW and i'll file paperwork.

Thanks!

Kyle, while recording this on the MAP report, I guess I misread it once. There is nothing you want to cancel because it cannot be done – you just wanted to swap one road for another – right?

actually it is easy. You just need to prepare a MAP request. Since the one named cannot be done, it will be lapsed. You could go for a reconsideration, but since it was named in the ordinance, there is not a MAP reference number and you definitely do not want to reconsider the entire ordinance.

So, when you know what street you want to do, let me know if you need help with the MAP request form. There is no change in the already established practice for filling it out and submitting.

I will go ahead and cancel the street on the MAP report.

Thanks all,

Beth

Jerry,

Thanks so much for your review!

Andrew – could you please provide us with a cost estimate for that section of N Hite?

Thanks again,
Kyle

Subject: N Bayly and N Hite

Hi Jerry and Andrew,

Bill and I just drove N Bayly and N Hite between Lindsay and Brownsboro Road. We had a couple questions - N Bayly is on the MPW paving list. How close is it to being repaved? The Councilman has reviewed the street and would like to swap that street with N Hite which is in worse shape. How can we do that?

Also, for N Hite between Brownsboro and Lindsay there are a number of utility cuts on the road. Is this road on a utility companies list to repave? If so, what's the timeline? Is it both sides of the street or just one?

Thank you,
Kyle
