

Charles J. Keyes, III

PRESIDENT / ARCHITECT

Charlie is the founder and President of **Keyes Architects & Associates, PLLC**. He has been a licensed architect since 1987, holding a National Certification with the N.C.A.R.B., which assists with registration in virtually any state. His responsibilities include project procurement, production management, overseeing the general operations, and client service. His experiences in construction, design/build, and full-service architectural firms, help immensely in this firm's ability to schedule projects, control costs, and deal with the client's most complex issues. He is proficient in most National Building, Fire and Life Safety Codes.

EDUCATION

- University of Kentucky College of Architecture.
- Received Architectural Registration, State of Kentucky: 1988.
- National Council of Architectural Registration Boards, National Certification: 1991.
