EXHIBIT A AMENDMENT

July, 2022

The Louisville Zoological Garden (Zoo) and KCTCS/JCTC will create and implement a cooperative, experiential education program to provide quality education for Zoo guests. This will be accomplished by providing college-level students paid learning opportunities provided by KCTCS/JCTC professors/mentors and Zoo staff. Students will study and learn the art and science of education, biology, conservation, animal husbandry, guest services, and natural history laying the groundwork for their professional futures.

The Zoo has expanded interpretive programs in the Boma African Petting Zoo and the Wallaroo Walkabout. KCTCS/JCTC student interpreters will have cooperative learning opportunities to assist the Zoo in the implementation of programming that will bring exhibits to life for Zoo guests. This Agreement will provide KCTCS/JCTC with a living applied classroom with which to inspire students and provide unique, hands-on learning experiences that are unique and meaningful in a variety of careers and the Zoo will gain a dynamic education delivery system. For some students that may be interested in employment at the Zoo, individuals that complete these cooperative educational programs will have advanced in depth knowledge of the job skills required to compete for job openings that may become available. This partnership will advance knowledge, competency-based learning, and provide opportunities for KCTCS/JCTC students while benefiting the missions of both institutions.

Program

KCTCS/JCTC will develop a program using KCTCS/JCTC students to provide staffing and interpretation for the Boma African Petting Zoo and Wallaroo Walkabout. Staffing needs for these areas will be identified by the Zoo and provided to KCTCS/JCTC for planning purposes and ongoing staffing needs. The Zoo agrees to fund a full time KCTCS/JCTC Project Manager ("Project Manager") who will work in concert with Zoo administrators to provide the necessary student interpreters in the two main interpretive areas listed above. The Project Manager will act as the programmatic liaison between the Zoo and KCTCS/JCTC, and will have a direct reporting line to the KCTCS/JCTC Academic Dean, so as to ensure all college academic requirements are met and maintained. The Zoo, through Assistant Director of Conservation, Education, & Collections or designee, will schedule and provide in depth training of Zoo requirements for the Project Manager, and additional training for interns as determined by both parties.

KCTCS/JCTC, through the Project Manager, will provide an orientation and training sessions before starting interns in their positions. The content of Zoo related training will be developed in cooperation with the Assistant Director of Conservation, Education, & Collections and the Project Manager. In addition to the two interpretive areas listed above, there may be additional opportunities to utilize Zoo facilities to offer KCTCS/JCTC classes on site in a variety of disciplines. Additional opportunities may involve scheduled theatrical interpretations by KCTCS/JCTC Theater students who may not necessarily be scheduled interns in these areas. KCTCS/JCTC curriculum for interns will include educational storylines that emphasize African and Australian culture, natural history, animal domestication and respect for the earth. This part of the curriculum will be reviewed and approved by the Zoo for accuracy and appropriateness prior to implementation.

The Zoo will provide instruction in the basics of animal husbandry, public safety, emergency procedures/protocols, and guest management as appropriate as part of the orientation programming for interns. This instruction will be coordinated through the Project Manager and the Zoo's Assistant Director of Conservation, Education, & Collections or designee. Species for which the Zoo and KCTCS/JCTC will share care and responsibility will include but is not limited to: African dwarf goats, Nubian goats, miniature donkeys, African tortoises, wallaroo, red-necked wallabies, and emu.

KCTCS/JCTC will ensure student interns have an understanding along with Zoo-required training to help ensure that Zoo guests interact safely and respectfully with the animals, as well as assist with guest access and movement through the exhibits. The care of animals and exhibit areas will include some cleaning, animal feeding and general husbandry practices. In addition, the interns will have the opportunity to interact with Zoo guests and interpret Australian natural history in the Wallaby Walkabout exhibit.

Implementation

Phase 1: Program Development/Leadership. KCTCS/JCTC will develop a new position for the Project Manager within the KCTCS/JCTC personnel system. This position will have a direct reporting line to the KCTCS/JCTC Dean of Academic Affairs, who will help ensure the program and its offerings are in keeping with academic rigor and coordinated with the various academic program offerings of KCTCS/JCTC. The Project Manager will be an employee of KCTCS/JCTC and will have the responsibility for project oversight and administration and management. This position will also act as the programmatic liaison between KCTCS/JCTC and the Zoo, will recruit and place students in intern positions, and be responsible for the record keeping, personnel management, and employee coverage at the sites included in this Agreement.

Phase 2: Recruitment/Selection. KCTCS/JCTC will recruit students for the internship/cooperative education opportunities that are created as a result of this program. The Project Manager will use a variety of methods to accomplish this task, and will include in-person and on-line approaches to inform students about this opportunity. Part of the recruitment phase may include the request that the Zoo participate in the Spring Fling or Student Fairs and bring an animal to the campus, as appropriate, to develop interest of students at the event.

Phase 3: Training. Students selected to intern in this program must complete an orientation prior to beginning their internship. The content of this orientation will be developed jointly by the Project Manager and the Zoo Assistant Director of Conservation, Education, & Collections. Proper orientation is required to prepare students for situations they are likely to face and are Zoo specific. They include, but are not limited to: The Zoo and its mission, animal husbandry, public safety, interacting with guests, and emergency procedures.

Phase 4: Implementation. The Zoo is open seven days a week year round (closed on Thanksgiving, Christmas, and New Year's Day), and offers extended hours on Thursday, Friday, and Saturday evenings during the months of June and July. The Zoo will provide information to KCTCS/JCTC regarding the staffing needs the Zoo expects KCTCS/JCTC to meet for the interpretive exhibits included in this Agreement. Realizing that the number of visitors at the Zoo vary from week to week, which can have a direct impact on staffing needs (weekends, week days, special events, etc.), the Zoo will provide ongoing information to KCTCS/JCTC regarding the possible impact on the interpretive exhibits included in this Agreement. The Project Manager will use this information to plan for appropriate levels of staffing. The goal of KCTCS/JCTC and

the Zoo is to create and maintain an enriching, quality experience both for the participants and visiting guests.

Anticipated Fees and Compensation to KCTCS/JCTC

Personnel Costs:	\$93,500
Other Costs:	
Current Expense/supplies	1,195
Scholarships for participants (est. 5@ \$500):	2,500
KCTCS/JCTC Indirect Costs:	2,805
<hr/>	
TOTAL	\$100,000

Fees can be established on an hourly, daily, weekly or monthly basis. It is suggested that service fees be determined at an hourly rate for interns with the Zoo billed monthly for services rendered.

It will be incumbent upon KCTCS/JCTC to create and supply the education programs and some educational artifacts. Zoo staff will work with KCTCS/JCTC staff in program development, have management authority over this service in its entirety and approve all programs prior to public presentation.

AGREEMENT

This Professional Service Agreement, made and entered into by and between the Louisville/Jefferson County Metro Government, by and through its Louisville Zoological Gardens, herein referred to as “Metro Government”, and the Jefferson Community and Technical College for Kentucky Community and Technical College System, 109 E. However, at no time shall the Metro Government make available its resources without the full consent and understandings of both parties.

The Metro Government reserves the right to reduce or disallow expenses considered excessive or unnecessary under this Agreement.
- D. KCTCS/JCTC, to the extent that it provides the same or related services to other parties, agrees to pro-rate its billings and out-of-pocket expenses to the Metro Government which are of benefit to the other parties and to provide documentation to all parties to verify the pro-ration of such billings and expenses. In no event will the Metro Government pay bills or expenses which are considered to be double billing (i.e. billing two different parties for the same work or expense).

III. DURATION

- A. This Professional Service Agreement shall begin July 1, 2021 and shall continue through and include June 30, 2022. This Agreement may be extended for four additional one-year periods. Any extension shall be by mutual written Amendment.
- B. Either party may terminate this Agreement by submitting thirty (30) days' written notice to the non-terminating party of such intent to terminate. This Agreement may also be terminated by any party, with immediate notice to the non-terminating party, because of fraud, misappropriation, embezzlement or malfeasance or a party's failure to perform the duties required under this Agreement. A waiver by either party of a breach of this Agreement shall not operate or be construed as a waiver of any subsequent breach.
- C. In the event of termination, payment for services complete up to and including date of termination shall be based upon work completed at the rates identified in this Agreement.

IV. EMPLOYER/EMPLOYEE RELATIONSHIP

It is expressly understood that no employer/employee relationship is created by this Agreement nor does it cause KCTCS/JCTC to be an officer or official of the Metro Government. By executing this Agreement, the parties hereto certify that its performance will not constitute or

establish a violation of any statutory or common law principle pertaining to conflict of interest, nor will it cause unlawful benefit or gain to be derived by either party.

V. RECORDS-AUDIT

KCTCS/JCC shall maintain during the course of the work, and retain not less than five years from the date of final payment on this Agreement, complete and accurate records of all of KCTCS/JCTC's costs which are chargeable to the Metro Government under this Agreement; and the Metro Government shall have the right, at any reasonable time, to inspect and audit those records by authorized representatives of its own or of any public accounting firm selected by it. The records to be thus maintained and retained by KCTCS/JCTC shall include (without limitation): (a) payroll records accounting for total time distribution of KCTCS/JCTC's employees working full or part time on the work (to permit tracing to payrolls and related tax returns), as well as canceled payroll checks, or signed receipts for payroll payments in cash; (b) invoices for purchases receiving and issuing documents, and all the other unit inventory records for KCTCS/JCTC's stores stock or capital items; and (c) paid invoices and canceled checks for materials purchased and for subcontractors' and any other third parties' charges.

Students will study and learn the art and science of education, biology, conservation, animal husbandry, guest services, and natural history laying the groundwork for their professional futures.

The Zoo has expanded interpretive programs in the Boma African Petting Zoo and the Wallaroo Walkabout. KCTCS/JCTC student interpreters will have cooperative learning opportunities to assist the Zoo in the implementation of programming that will bring exhibits to life for Zoo guests. This Agreement will provide KCTCS/JCTC with a living applied classroom with which to inspire students and provide unique, hands-on learning experiences that are unique and meaningful in a variety of careers and the Zoo will gain a dynamic education delivery system. For some students that may be interested in employment at the Zoo, individuals that complete these cooperative educational programs will have advanced in depth knowledge of the job skills required to compete for job openings that may become available. This partnership will advance knowledge, competency-based learning, and provide opportunities for KCTCS/JCTC students while benefiting the missions of both institutions.

Program

KCTCS/JCTC will develop a program using KCTCS/JCTC students to provide staffing and interpretation for the Boma African Petting Zoo and Wallaroo Walkabout. Staffing needs for these areas will be identified by the Zoo and provided to KCTCS/JCTC for planning purposes and ongoing staffing needs. The Zoo agrees to fund a full time KCTCS/JCTC Project Manager (“Project Manager”) who will work in concert with Zoo administrators to provide the necessary student interpreters in the two main interpretive areas listed above. The Project Manager will act as the programmatic liaison between the Zoo and KCTCS/JCTC, and will have a direct reporting line to the KCTCS/JCTC Academic Dean, so as to ensure all college academic requirements are met and maintained. The Zoo, through Assistant Director of Conservation, Education, & Collections or designee, will schedule and provide in depth training of Zoo requirements for the Project Manager, and additional training for interns as determined by both parties. KCTCS/JCTC, through the Project Manager, will provide an orientation and training sessions before starting interns in their positions. The content of Zoo related training will be developed in cooperation with the Assistant Director of Conservation, Education, & Collections and the Project Manager. In addition to the two interpretive areas listed above, there may be additional opportunities to utilize Zoo facilities to offer KCTCS/JCTC classes on site in a variety of disciplines. Additional opportunities may involve scheduled theatrical interpretations by KCTCS/JCTC Theater students who may not necessarily be scheduled interns in these areas. KCTCS/JCTC curriculum for interns will include educational storylines that emphasize African and Australian culture, natural history, animal domestication and respect for the earth. This part of the curriculum will be reviewed and approved by the Zoo for accuracy and appropriateness prior to implementation.

The Zoo will provide instruction in the basics of animal husbandry, public safety, emergency procedures/protocols, and guest management as appropriate as part of the orientation programming for interns. This instruction will be coordinated through the Project Manager and the Zoo's Assistant Director of Conservation, Education, & Collections or designee. Species for which the Zoo and KCTCS/JCTC will share care and responsibility will include but is not limited to: African dwarf goats, Nubian goats, miniature donkeys, African tortoises, wallaroo, red-necked wallabies, and emu.

KCTCS/JCTC will ensure student interns have an understanding along with Zoo-required training to help ensure that Zoo guests interact safely and respectfully with the animals, as well as assist with guest access and movement through the exhibits. The care of animals and exhibit areas will include some cleaning, animal feeding and general husbandry practices. In addition, the interns will have the opportunity to interact with Zoo guests and interpret Australian natural history in the Wallaby Walkabout exhibit.

Implementation

Phase 1: Program Development/Leadership. KCTCS/JCTC will develop a new position for the Project Manager within the KCTCS/JCTC personnel system. This position will have a direct reporting line to the KCTCS/JCTC Dean of Academic Affairs, who will help ensure the program and its offerings are in keeping with academic rigor and coordinated with the various academic program offerings of KCTCS/JCTC. The Project Manager will be an employee of KCTCS/JCTC and will have the responsibility for project oversight and administration and management. This position will also act as the programmatic liaison between KCTCS/JCTC and the Zoo, will recruit and place students in intern positions, and be responsible for the record keeping, personnel management, and employee coverage at the sites included in this Agreement.

Phase 2: Recruitment/Selection. KCTCS/JCTC will recruit students for the internship/cooperative education opportunities that are created as a result of this program. The Project Manager will use a variety of methods to accomplish this task, and will include in-person and on-line approaches to inform students about this opportunity. Part of the recruitment phase may include the request that the Zoo participate in the Spring Fling or Student Fairs and bring an animal to the campus, as appropriate, to develop interest of students at the event.

Phase 3: Training. Students selected to intern in this program must complete an orientation prior to beginning their internship. The content of this orientation will be developed jointly by the Project Manager and the Zoo Assistant Director of Conservation, Education, & Collections. Proper orientation is required to prepare students for situations they are likely to face and are Zoo specific. They include, but are not limited to: The Zoo and its mission, animal husbandry, public safety, interacting with guests, and emergency procedures.

Phase 4: Implementation. The Zoo is open seven days a week year round (closed on Thanksgiving, Christmas, and New Year's Day), and offers extended hours on Thursday, Friday, and Saturday evenings during the months of June and July. The Zoo will provide information to KCTCS/JCTC regarding the staffing needs the Zoo expects KCTCS/JCTC to meet for the interpretive exhibits included in this Agreement. Realizing that the number of visitors at the Zoo vary from week to week, which can have a direct impact on staffing needs (weekends, week days, special events, etc.), the Zoo will provide ongoing information to KCTCS/JCTC regarding the possible impact on the interpretive exhibits included in this Agreement. The Project Manager will use this information to plan for appropriate levels of staffing. The goal of KCTCS/JCTC and

the Zoo is to create and maintain an enriching, quality experience both for the participants and visiting guests.
