LOUISVILLE, KENTUCKY

- D. Supply and install new seal tight, connectors, wire nuts and terminations.
- E. Plan to use all existing Conduits, wiring and circuitry as it is today.
- F. Supply and install new conduit, straps, tees, mounting hardware, wire, terminations, and all miscellaneous materials to install new conduit runs for the 22 supplemental fixtures.
- G. Includes line item of \$6000.00 dollars for the CSX inspector to be on site while work is being performed on Railroad Underpass. This is the same thing we had to do for 4th & Industry.
- H. Includes line item to rent all Digital messaging boards, barricades, detour signs, and all associated advanced warning signs to close the roadway. Roadway must be closed to change out the roadway fixtures as there is not enough room to shut down one lane and keep another lane open to vehicle traffic and have the bucket truck set up safely.

3 RD & Winkler Underpass	\$14,400.00
CSX Inspector	\$6,000.00
Highway Safety Services Road Closure Equipment	\$3,000.00
Base Bid Total	\$23,400.00

Quote based the following:

- All fixtures and lamps are included in the base Bid and Alternate pricing.
- Pricing includes all sealtite, sealtite connectors, straps, fittings, covers, wire, mounting hardware, and all miscellaneous material to complete installation as outlined in area breakouts above.
- Includes all Bucket trucks, signage, cones, and work zone safety needed to complete the installation in this Roadway.
- Just like we had to do at 4th & Industry CSX railroad underpass requires us to have the CSX inspector monitor work and drilling into the RR underpass. The cost for this inspector on site is included as a line Item breakout in the attached quote.
- Quotation also includes a line item to close road to replace the roadway fixtures. After looking at the road and driving it, the fixtures are right over the center lane. There is not enough rom to push traffic to other side and make a safe work zone for the crews. All DMS, cones, detour signs, barricades are included in this pricing.

Please feel free to call me with any question or concerns.

Sincerely,

David L. Hayes
EM Supervisor
