Beth,

We do want to move forward and draft an ordinance to move the 25k from that project to the following project: District 18 sidewalk partnership with TARC.

It is in the FY19 capital budget: project 54 – D18 Sidewalk Project – City of Forest Hills/TARC for \$25,000 from republican pooled CIF. Since it was established on an ordinance, an ordinance is needed to change it to another project. Please let me know what you want it to be and when you need it done. We could combine it with other projects that are now complete and reallocate more than this one item.
