

HOSPITUS HEALTH®

Opening in 2027

COMING SOON

HOSPICE CARE CENTER

3526 Ephraim McDowell Drive
Louisville, Kentucky 40205

A PLACE OF COMFORT AND COMPASSION

Currently under construction and opening in 2027, the new Hospice Care Center will provide a sanctuary of peace and dignity for those nearing the end of life's journey. Situated in the heart of our community, this facility allows us to expand our mission by ensuring that every patient and family has access to the highest quality hospice care, so no one faces serious illness alone.

“

My family and I want to thank this amazing staff. Letting loved ones go is hard, but the excellent care made the process more comfortable.

MORE THAN BRICKS AND MORTAR

The new Hospice Care Center represents a promise to our community. Purpose-built and the first of its kind in our region, this facility will provide around-the-clock hospice care for patients whose symptoms become too complex to manage at home.

Families will have the space and support they need to spend meaningful time together without fear or barriers. Every detail is designed to promote comfort, dignity, and peace, reflecting our belief that everyone deserves expert care and compassionate support during life's most difficult moments.

► Outdoor Patio

This project aligns with our mission by:

- Expanding our ability to care for more patients through enhanced facilities
- Easing stress for patients and visitors with ample parking, outdoor spaces, and nearby amenities
- Increasing community healthcare capacity
- Centralizing inpatient hospice care and grief counseling services near our headquarters and local clinical teams

850 patients & families served annually

21 private & spacious, home-like patient rooms

family-friendly spaces & eat-in kitchen

peaceful gardens & outdoor spaces

chapel & meditation room

Be part of this compassionate movement by donating today.

Every gift brings us closer to creating a place where no one faces the end of life alone.

Thank you for believing in this mission and for being part of what comes next.
