I can have this information but it will take some time.

Right now counting Meredith & Cornett (for July); as of today 6/19/2018 Vacant positions 51

Give me some time to give you the 2017 numbers.

Would you happen to know how many vacancies we have now, how many we had July 2017.
Also curious how many people have left since July 2017 compared to how many were hired.
