CONTRACT SCOPE and PURPOSE (Attach additional documentation if necessary)

Amendments: Describe the circumstances under which a time extension or scope change is needed.

New: Be specific about the work to be performed / product to be purchased including but not limited to: scope of work; description of service; work product created; why the service / product is necessary; and benefit to Louisville Metro Government.

Dr. Jorisch, as Medical Director for the MORE Center, LMPHW's methadone clinic, will continue providing medical supervision services including, but not limited to: prescribing methadone, suboxone, and/or vivitrol; referring for additional care as medically appropriate; overseeing initial and ongoing annual physical examinations for patients; reviewing and revising counselling services protocol; reviewing and co-signing medical records; providing staff consultation; providing case conferences; and providing overall clinical direction and leadership. The specialized services provided by Dr. Jorisch are critical to the MORE Center to address the current opioid addiction crisis in Louisville.

JUSTIFICATION FOR NON-COMPETITIVE GOOD/SERVICE (Attach additional documentation if necessary)

Provide justification including but not limited to: a description of the unique features that prohibit competition; research conducted to verify the vendor as the only known source (sole source); why the service (PSC) is not feasible to be provided by LMG staff or expertise does not exist; known compatibility, proprietary and/or timing issues.

Dr. Mark Jorisch has been the Medical Director for LMPHW's MORE Center for more than 20 years. The MORE Center provides evidence-based treatment for opioid addiction, which includes psychosocial counseling and medication assisted treatment. Having an experienced field expert as the Medical Director of the MORE Center is critical to the MORE Center's success, and operating a successful MORE Center is an absolute necessity to Louisville Metro Government and the Louisville community to address the current opioid crisis.

Dr. Jorisch has a doctorate degree in medicine, is licensed to practice in KY, and has practiced as an addictionologist with an addiction population for over 20 years at the MORE Center. Dr. Jorisch has been instrumental in pioneering the MORE Center's medication assisted treatment program based upon an evidenced-based treatment approach for opioid addiction. Dr. Jorisch has become the president elect of Kentucky's American Society of Addiction Medicine (ASAM), is ASAM certified, and is an addiction expert, providing guidance and training to other physicians, psychiatrists, medical interns and residents regarding opioid addiction and medication assisted treatment.

No other physician in the city of Louisville is more qualified to serve as the MORE Center Medical Director than Dr. Jorisch because of his decades of experience, his profound expertise, and his steady leadership over the past 20 years. He is uniquely qualified to serve in this role.

AUTHORIZATIONS: Per KRS 45A.380, I have determined that competition is not feasible for the above described good / service and there is a single source within a reasonable geographical area of the good / service to be procured; or the resulting contract is for the services of a licensed professional, technician, artist, or other non-licensed professional service.

A. Physician shall, at the request of the Metro Government, provide services under the terms of this professional Agreement. The Physician's work product may be reviewed from time to time by the Metro Government for purposes of determining that the services provided are within the scope of this Agreement.

B. If from time to time Physician needs to utilize the records or personnel of the Metro Government relative to performing the services required of this Agreement, then Physician shall notify the proper agent of the Metro Government of this need and arrangements may be made for that contingency. However, at no time shall the Metro

Physician will attend staffing on both days to review cases with Treatment Team. Physician will meet with clients on an annual basis as needed. The above days assigned are negotiable as are the extended hours over 12 hours a week needed to accommodate clinic needs, specifically in the case of future expansion of the MORE (methadone clinic); and
3. Quality review of initial physical exams for MORE Clinic patient. Each physical shall be completed in compliance with appropriate regulations that govern the clinic; and

Copies of invoices or receipts for out-of-pocket expenses and other third party charges must be included with the Physician's invoice when payment is requested. In the event payment is made in lump sum at the end of the service period, Physician's final invoice shall indicate a descriptive daily accounting of hours expended as described heretofore.

D. Physician, to the extent that it provides the same or related services to other parties agrees to pro-rate its billings and out-of-pocket expenses to the Metro Government which are of benefit to the other parties and to provide

documentation to all parties to verify the pro-ration of such billings and expenses. In no event will the Metro Government pay bills or expenses which are considered to be double billing (i.e. billing two different parties for the same work or expense).

E. Physician agrees that all outstanding invoices at the end of the fiscal year (June 30) must reach the Metro Government no later than July 15 of the following fiscal year. C. In the event of termination, payment for services complete up to and including date of termination shall be based upon work completed at the rates identified in this Agreement. In the event that, during the term of this Agreement, the Metro Council fails to appropriate funds for the payment of the Metro Government's obligations under this Agreement, the Metro Government's rights and obligations herein shall terminate on the last day for which an appropriation has been made. The Metro Government shall deliver notice to Physician of any such non-appropriation not later than 30 days after the Metro Government has knowledge that the appropriation has not been made.

IV. EMPLOYER/EMPLOYEE RELATIONSHIP

It is expressly understood that no employer/employee relationship is created by this Agreement nor does it cause Physician to be an officer or official of the Metro Government. By executing this Agreement, the parties hereto certify that its performance will not constitute or establish a violation of any statutory or common law principle pertaining to conflict of interest, nor will it cause unlawful benefit or gain to be derived by either party. **Amended Trust Agreement of 2012 by and between the Louisville/Jefferson County
Metro Board of Health and JP Morgan Chase Bank, NA**

AMENDED TRUST AGREEMENT OF 2012

This Amended Trust Agreement of 2012 ("Agreement") is entered into and made effective on this 22nd day of March, 2012 (the "Effective Date") by and between the Louisville/Jefferson County Metro Board of Health ("Board of Health") and JP Morgan Chase Bank, NA ("Trustee").

WITNESSETH:

WHEREAS, the Board of Health and Liberty National Bank & Trust Company entered into the original "Trust Agreement" dated September 28, 1977 (the "Self-Insurance Trust") in order for contributions to the Self-Insurance Trust fund to be recognized as allowable costs of operation for Medicare reimbursement purposes; and

WHEREAS, pursuant to said Trust Agreement, the Board of Health transferred, conveyed and assigned to Liberty National Bank & Trust Company, in trust, the assets and properties of the Self-Insurance Trust for all the uses and purposes stated in the Trust Agreement; and

WHEREAS, the Board of Health has previously conveyed Louisville General Hospital to the University of Louisville and, therefore, was no longer responsible for claims involving incidents occurring after 1979; and

WHEREAS, to reflect those changes and other reasons, the original trust Agreement was replaced by a "First Amended Trust Agreement" on September 26, 1979; and

WHEREAS, after consolidation of Louisville and Jefferson County governments in January 2003, the Board of Health and BANK ONE TRUST COMPANY, N.A., a successor company to Liberty National Bank & Trust Company, entered into second "AMENDED TRUST AGREEMENT OF 2005, effective April 29, 2005, to clarify the terms of coverage under the "First Amended Trust Agreement" of 1979; and

WHEREAS, KRS 65.2005 and Louisville Metro Codified Ordinances Sections 35.180-183 provide that with some exceptions described therein, Louisville Metro must provide for a defense and indemnity when Louisville Metro employees and officers are sued as a result of performance of their official duties; and members of the Board of Health and employees of the Louisville Metro Department of Public Health and Wellness fall within the protection of the statute and ordinances referred to above; and

WHEREAS, qualifying Family Health Centers, Inc. employees are generally protected for claims of medical malpractice by the Federal Tort Claims Act (42 USC Section 233(g)); but the employees of Family Health Centers, Inc. are not employees of Louisville Metro and are therefore not entitled to a defense and indemnity under the state statute and Louisville Metro Ordinance for non-medical claims; and

WHEREAS, there is a need for the self-insurance trust to remain in existence to cover claims falling outside the protection afforded the Federal Tort Claims Act; and

WHEREAS, to reflect these changing circumstances, it is necessary to amend the "AMENDED TRUST AGREEMENT of 2005" as follows:

NOW, THEREFORE, THE AMENDED TRUST AGREEMENT OF 2005 IS AMENDED AS FOLLOWS AND SHALL BE REFERRED TO AS THE "AMENDED TRUST AGREEMENT OF 2012":

1. Ownership of Trust Assets. The Trustee shall have the incidents of title and sole custody of all the assets comprising this trust estate and any and all income earned thereon shall become a part of such trust estate. The Trustee is hereby vested with full and complete title to all said trust estate, both as to principal and income, subject only to the terms of this Agreement. Except as herein expressly provided, no part of this trust estate shall be liable for the debts of the Board of Health, its divisions and/or subsidiaries, nor shall the same be subject to seizure by any creditor of the Board of Health, its divisions and/or subsidiaries, under any writ or proceeding at law or in equity.

2. Restrictions on Trustee. The Trustee shall make no loans from the trust estate to the Board of Health. The Board of Health shall have no power to sell, assign, transfer, encumber, or in any other manner dispose of its interests in this trust estate except as is herein specifically provided.

3. Soundness of the Fund. In order to maintain this trust estate in an amount sufficient to satisfy the purposes of this trust as described in paragraph 4 below, the Board of Health shall periodically engage the services of an independent actuary to analyze the trust estate using actuarial methods customarily employed by the insurance industry to determine the soundness of the self insurance reserve funds. To maintain the soundness of the fund for its primary purpose, the fund will be maintained between an 85-95% confidence level of protection.

A copy of the report of the independent actuary shall be submitted to the Trustee and the Board of Health.

4. Purpose of Trust.

(A) The primary purpose of this trust shall be: (i) to provide for the defense against any Covered Claim (as hereinafter defined) made against the Board of Health or others herein specified and (ii) to provide for the payment of any settlement or final judgment entered against the Board of Health or others herein specified for any such Covered claim in an amount not to exceed \$1,000,000 for any one occurrence and \$1,000,000 in the aggregate during any fiscal year for the Board of Health, the Louisville Metro Department of Public Health and Wellness ("Department"), or the Family Health Centers, Inc., as the Board of Health may decide.

(B) A "Covered Claim", as said term is used in this Agreement, shall be any claim, not otherwise covered by the Federal Tort Claims Act, (1) for medical malpractice or (2) for general liability, against the Louisville Metro Board of Health or any of its divisions or subsidiaries; and the Louisville Metro Department of Public Health and Wellness ("Department"), and the persons described in paragraph (4)(D)(B), and (F) below. This includes specifically, Family Health Centers, Inc., and its directors, officers and employees.

(C) "General Liability" shall mean any claim for negligence, including claims for damage to property or persons, any claim for false arrest, slander, false imprisonment, malicious prosecution, libel, and invasion of privacy. Such term, however, shall not include, and there is specifically excepted from this coverage, any claim arising out of use of an automobile, or resulting from war, insurrection, acts of terrorism, rebellion, or the like, or which results from an employee's or agent's willful violation of law or with the consent of the injured party.

(D) While engaged upon the business of the Board of Health, the Department, or Family Health Centers, Inc., the coverages described in subsection 4(B) above shall extend to all members of the Board of Health; its subsidiary boards and committees; and all agents, employees and personnel of the Board of Health, the Department, and Family Health Centers, Inc.; including any physician serving in the capacity of the Department's Medical Director or Interim Medical Director, or substituting during his/her absence.

(E) The coverage described in subsection 4(B) may be extended to an entity or person performing work for the Board of Health or the Department upon approval of the Board of Health.

(F) Anything contained in this Agreement to the contrary notwithstanding, the coverage herein provided shall specifically extend to the Director of the Department ("Director") for actions performed in furtherance of the business of the Department or the Board of Health.

5. Other Permitted Expenditures. In addition to the payments for the purposes specified in Paragraph 4 above, the Trustee may make disbursements from the trust estate only for the following purposes: (a) for payment of the Trustee's fees and expenses as authorized by this Agreement, (b) for payment of fees and expenses pertaining to any claim management and/or risk management programs adopted or approved by the Board of Health, (c) for payment of fees and expenses for the actuarial services referred to in Paragraph 3 hereof, and (d) for payment of fees and expenses for legal services incurred in defending claims made of the type referred to in Paragraph 4 hereof.

6. Reservation of Certain Authority. The Board of Health shall have and it hereby reserves, all final authority with respect to the settlement or payment of any claim or judgments as referred to in Paragraph 4 of this Agreement, or with respect to the employment of those agents referred to in Paragraph 5.

7. Procedures for Payment.

(A) For those payments from trust assets specified in Paragraphs 4 and 5(d) hereof, the Trustee shall require a resolution adopted by the Board of Health in formal session, along with written authorization from the Secretary of the Board of Health, or in his or her absence, from the Chairman or Vice Chairman thereof, stipulating the party or parties to whom the payment is to be made, the amount of the payment, and the specified reason for the payment. The Board resolution itself shall be provided to the Trustee in the written form of an excerpt of the Board minutes, certified by the Chairman, Vice Chairman, or Secretary of the Board of Health.

(B) For those payments from trust assets specified in Paragraphs 5(a), 5(b) and 5(c) hereof, the Trustee shall require written authorization from the Secretary of the Board of Health, or in his or her absence, from the Chairman or Vice Chairman thereof, along with an executed copy of the contract or agreement under which said payment is being made. However, in the event that the requested payment should exceed the contract amount, or not otherwise be covered by a written agreement, then the Trustee shall require a Board resolution in the same form and with the same approval as set forth hereinabove for payments permitted under Paragraphs 4 and 5(d) of this Agreement.

8. Investment of Trust Assets. The Trustee shall use its best efforts to preserve the trust estate through the proper investment thereof. The Trustee shall not sell, purchase, exchange, or otherwise deal with or dispose of trust assets for less than full and adequate consideration.

9. Trustee Power Over Assets. In the administration of this trust estate, the Trustee shall have all those powers incidental to ownership normally allowed a trustee, and such powers shall be exercised without necessity of any prior or subsequent approval of any court or judicial authority, and no person dealing with the Trustee shall be required to inquire into the propriety of any of its actions. Without in any way limiting the generality of the foregoing, the Board of Health further grants to the Trustee the following additional specific powers: (a) to sell or exercise any "right" issued on any securities held in the trust estate, (b) to vote in person or by proxy any stocks or securities and to grant such proxies and powers of attorney to others, (c) to consent to and participate in any plan for the liquidation, reorganization, consolidation, or merger of any corporation whose stock or other security is held in trust herein, and (d) to register or carry trust property in its name or in the name of its nominee or to hold it unregistered.

10. Annual Certified Statement. The Trustee shall submit a certified financial statement to the Board of Health no later than sixty (60) days after the end of each fiscal year of the trust estate. Said statement shall provide at least the following information: (a) the balance in the trust estate at the beginning of the fiscal year, (b) the amount and nature of all current year payments or withdrawals from the trust estate, including a separate accounting for claims paid, for claims and risks management expenses, for legal expenses, for actuarial expenses, and for Trustee's fees and expenses, and (c) the balance in the trust estate at the end of the fiscal year.

11. Discontinuance of Coverage. In the event the Board of Health discontinues services requiring the coverage herein provided, or in the event that it purchases insurance required to take the place hereof and wishes to discontinue its self insurance coverage for subsequent medical malpractice and/or general liability claims, then the following steps shall be taken. An independent actuary shall analyze the balance in the trust estate and shall determine the adequacy of the funds to support disbursements to cover payment of future claims and expenses arising from instances occurring while payments into the trust estate were being made. The Trustee shall maintain in the trust an appropriate reserve to pay such claims and expenses, but if the actuary determines that there are excess funds in the trust estate, the excess balance shall be refunded to the Board of Health.

Thereafter the Board of Health shall have the right and duty to appoint a Successor Trustee within said ninety (90) day period.

(B) The Board of Health shall have the right to remove the Trustee and to appoint a Successor Trustee at any time by giving ninety (90) days written notice to the Trustee. Following such notice, the Trustee shall have ninety (90) days in which to transfer all assets of the trust to the Successor Trustee and to make an accounting thereof to the Board of Health.

(C) Any Successor Trustee hereunder shall possess and exercise all powers and authorities herein conferred on the original Trustee, and similarly, said Successor Trustee shall be limited by such duties and responsibilities as are herein imposed upon the original Trustee.

13. Compensation of Trustee. For its services hereunder, the Trustee shall be paid a fee for its services under this Agreement as agreed upon between The Board of Health and Trustee.

14. Due Diligence and Cooperation. The Trustee shall act with due diligence in carrying out the provisions of this Agreement and shall cooperate with the Board of Health in all appropriate respects related thereto.

15. Relation to Original Trust Agreement and First Amended Trust Agreement. This Agreement is a continuation of the trust previously established between these parties, but this agreement shall amend, modify, replace and supersede each of the provisions of the original Trust Agreement and the First Amended Trust Agreement and the Amended Trust Agreement of 2005 and it shall constitute the entire agreement between the parties.
