Conditional Use Permit for Boarding and Lodging Houses (LDC 4.2.11)

**CASE SUMMARY / BACKGROUND**

The applicant proposes to operate a lodging house in an existing single-family residential structure. No exterior construction or alterations to the structure or the site are proposed.

The 0.27 acre site is located on the south side of E. St. Catherine Street between S. Hancock Street and S. Clay Street. It and all adjoining properties are zoned R-6 Multi-Family Residential within a Traditional Neighborhood (TN) Form District. LDC standards credit the E. St. Catherine frontage with one parking space. The parking area near the front of the site is set aside for use by the lodgers. Additional parking for two vehicles is available off the rear alley, reserved for use by the property manager, inside a remote-controlled wooden gate.

According to the applicant, this existing two-story residential structure accommodates five boarders, two on the first floor and three on the second, who will share bathroom accommodations located on each floor. In addition, the first floor includes a dwelling unit used by the on-site property manager.

In addition to the primary structure, the site is developed with a one-story structure that runs along the west and south property lines consisting of several freestanding structures that have been joined into one. There are also two sheds, one portable and one permanent. All of these structures are located within a rear yard enclosed by a 7 ft wood privacy fence. This fenced area is not accessible to the boarders and is in the sole use of the property manager.
