The motion to amend carried by a voice vote.

A motion was made by Council Member Kramer, seconded by Council Member Benson, that this amended Ordinance be amended by changing the language to read in Project 116 as follows:

1. Page 8 O. Department of Information Technology Project #116, Louisville Fiber Information Technology (LFIT)

a. This project funds nearly 115 miles of high-speed fiber and an engineering study and implementation to include the west end build, the southwest project, 11 miles, and any 4 mile stretch of Bardstown Rd. The Council directs the Department of Information Technology to present to the Budget Committee the proposed request for proposal for the contract. Included in this project is an expectation that this new technology will replace the need for the Westport Road Study. Any remaining funds and/or generated revenue must be used for either development of fiber backbone and equipment necessary to use it or bond repayment with approval by the Metro Council. (See attachment labeled - "FY18 PROPOSED Kramer Capital Budget Amendments June 22")

Council Member Butler offered a friendly amendment to Council Member Kramer's proposed amendment in the first line, replace "funds nearly" with "anticipates funding of.." and insert "anticipates" between the words "and" and "implementation", and striking the remaining sentence.

Council Member Kramer accepted with the understanding that Phase I and II include the "west end build, the southwest project (11 miles) and any 4 mile stretch of Bardstown Rd."

The motion to amend carried by a voice vote.
