

MVI_0143 narrative

7-31-2016 9:15 AM approx.

Following an encounter with a plump WF in black dress a black SUV with CA plates drove through. Another WF was on her cell talking and directing vehicle driver to come through private drive. Another pedestrian directed the SUV to the CH. I advised the first WF in black dress to use gates. I also asked that she pass along the advice to use the gates. The WF said she was renting from Bob and she did not know how to get from CH to MH.
