

Louisville Metro Council City Agency Request

▪ **Neighborhood Development Fund (NDF)**

Capital Infrastructure Fund (CIF)

Municipal Aid Program (MAP)

Paving Fund (PAV)

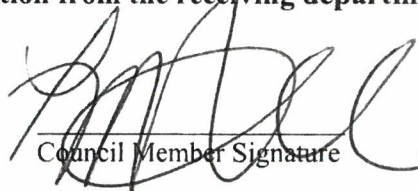

Primary Sponsor: Councilwoman Tammy Hawkins

Amount: \$2,641.21 **Date:** 2/16/2023

Description of program/project including public purpose, additional funding sources, location of project/program and any external grantee(s):
Major Miller has a goal to purchase these devices to assist with community engagement with District 1 and to also assist with the high numbers of vehicle theft in the district specifically the theft of Kia and Hyundai models, directly tied to a social media challenge known as the "Kia Challenge". These anti theft devices will help aid the community in keeping their property safe and secure.

City Agency: Louisville Metro Police Department 2nd Division
Contact Person: Major Russell Miller
Agency Phone: 502-574-2478

I have reviewed this request for an expenditure of city tax dollars, and have determined the funds will be used for a public purpose and have the attached documentation from the receiving department concerning the project/expenditure.

MEMORANDUM

LOUISVILLE METRO POLICE DEPARTMENT

CRAIG GREENBERG
MAYOR

JACQUELYN GWINN-VILLAROEL
CHIEF OF POLICE

TO: Councilwoman Tammy Hawkins
Louisville Metro Council
District 1
601 W. Jefferson Street
Louisville, KY 40202

FROM: Major Russell Miller 
Louisville Metro Police Department
2nd Division
3419 Bohne Avenue
Louisville, KY 40211

DATE: January 31, 2023

RE: Request for NDF Funds for Vehicle Theft Deterrent Device

I am submitting this request/proposal for NDF in the total amount of \$2,641.21, and I appreciate you reaching out to partner with LMPD in combatting the growing number of car thefts we are experiencing here in the 2nd Division by allocating District 1 funds to purchase steering wheel locking devices. The growing number of car thefts throughout our community, especially Kia and Hyundai models, can be directly linked to social media posts known as the "Kia Challenge". These posts have allowed car thieves to disproportionately target 2011 to 2021 model years. In 2022, the 2nd Division alone had (627) stolen vehicles, which was an increase of 52% from the previous year (2021). Already for 2023, the 2nd Division has reported (74) auto thefts, which is an increase of 147% over the same period this time last year.

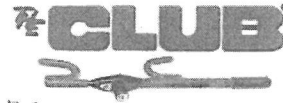

Our goal with the purchase of these devices would be to engage community members in partnership with Council District 1 in order to educate citizens on the growing number of vehicle thefts, and to distribute these devices to owners of Kia and Hyundai models.

We reached out to Winner International, manufacturer of the steering wheel locking devices better known as "The Club". They have agreed to sell these devices for a discounted price of \$15.57 per device. This is far below the market pricing, which we researched, and found them to cost consumers between \$30 to \$60. Winner

International has also agreed to ship the devices free of charge if the total purchase price exceeds \$2,500. Therefore, I would suggest we purchase at least (161) devices to meet the \$2,500 threshold because shipping cost alone could be costly.

Again, I appreciate your willingness to partner with LMPD to combat auto thefts within the 2nd Division. Please feel free to reach out to me directly with any questions you may have regarding this proposal.

I have included a copy of the invoice supplied by Winner International for your reference.

Subject: RE: Proposal/Request for Funding for Vehicle Theft Deterrent Device

These are specifically going to help address the KIA/Hyundai vehicle owners who are a risk of having their vehicles stolen. These devices will be handed out to residents of the Division at different community events/meetings or contacts officers have with owners throughout the upcoming months. There is a security flaw in both these model vehicles and there is a national problem with these vehicles being targeted and stolen due to Tik-Tok videos that were released last summer showing people how to easily steal these models with a simple USB device. This story has been heavily covered by local and national news organizations. In the 2nd Division alone, we have already had over 140 auto thefts this year and these models account for 71% of all our auto thefts.

Thank you and if you need anything else please let me know.

Good Morning Major. Miller,

I am Lanesha Deshields Councilwoman Tammy Hawkins LA. We have your request for this equipment we are just needing a little bit more information specifically who these devices will be given to or used for? This is the last piece of information we are needing to complete this NDF request

Have a great day,

Lanesha R. Deshields

Subject: Proposal/Request for Funding for Vehicle Theft Deterrent Device

Good afternoon Councilwoman Hawkins,

Chief Villaroel let me know last week you were interested in possibly supporting the purchase of Vehicle Theft Deterrent devices to help combat the serious issue we have here in this division concerning thefts of KIA's and Hyundai vehicles. I had Lt. Hollis look and see what is out there and costs associated with these devices and I have submitted it in the attachments above. If after reviewing the request/proposal you are still interested in moving forward, please send Lt. Hollis the NDF packet from your office and we can start working on it to submit back to you.

I appreciate your time reaching out to explore this issue and the time you will take to review the attachments. Please let Lt. Hollis and I know if you have any other questions or would like to discuss anything further.

Thank you

Major Russell J. Miller

Louisville Metro Police
2nd Division Commander
