

Louisville Metro Council City Agency Request

- Neighborhood Development Fund (NDF)
 Capital Infrastructure Fund (CIF)
 Municipal Aid Program (MAP)

Primary Sponsor: Marianne Butler

Amount: \$583.00 **Date:** March 25, 2015

Description of program/project including public purpose, additional funding sources, location of project/program and any external grantee(s):
 A decorative metal trash can placed by District 15 has been totally destroyed. Assessment by Solid Waste indicates it is "cheaper to replace than repair." The cost of replacement is \$583.00 contracted by Solid Waste Management. The trash receptacle is located on Hazelwood Ave. There is no police report of this incident.

City Agency: Dept. of Solid Waste
Contact Person: Steve Fenster
Agency Phone: 502-574-8116

I have reviewed this request for an expenditure of city tax dollars, and have determined the funds will be used for a public purpose.

Mr. Fenster,

I spoke to the Councilwoman on this and she wants to proceed. We will start the monetary process here and will update you. Is the unit cost still \$583.00? Also, please remember to instruct the contractor to install the new trash container away from the entrance several feet to avoid the close turns, as much as possible. I will remind you as this draws near. Thank you Sir!

Daniel

The contractor went and looked at it.

Cheaper to replace than repair. Looks like it's been hit more than once.

Subject: Damaged new Hazelwood Trash Can
Attachments: Untitled; Untitled

Good morning Mr. Fenster!

I wanted to report that one of the new Hazelwood trash containers has been damaged. It is the one located behind the Iroquois Health Center, the Bicknell Ave side of 4100 Taylor Blvd. (South side – see map below) I have attached 2 pictures also. Are these under warranty with the recent installation? If not what would the cost be to repair or replace? I know the Councilwoman paid to replace a damaged trash container on Queen Ave, however that can had been in place for several years. Please update us soon as you can so we can find the proper solution. Thank you for your help!
