Dear Metro Council Members,

As a servant leader who has dedicated her career to community advancement, I raise my hand to serve District 8 on the Louisville Metro Council. Connecting citizens to government has been a theme that has run through all of my 18+ years in Louisville. Beginning with MetroCall 311 and assisting residents with all their needs and concerns, to serving the international community, connecting them to services & planning community-wide international celebrations like WorldFest, through the Louisville Metro Office for International Affairs. During my 6 years at Sister Cities of Louisville I connected Louisville to the world through 9 grass roots global relationships and opened the door for cultural understanding and exchanges to residents all over our community and from all walks of life and backgrounds. For the past 7 years, my role at the Leadership Louisville Center has focused on civic engagement, giving our residents the tools to be better and do better, connecting them with their passions, uncovering and addressing needs, and engaging in social impact work. More specifically, for the first 5 years in my role I brought 200+ individuals every year to meet with the Metro Council President, through the Focus Louisville program, educating them on the role and importance of their Metro Council representative.

As an Immigrant and naturalized American Citizen I bring additional diversity of thought and representation of our large and growing international community to the Metro Council. I'm excited to give immigrants the opportunity to see themselves through my public service and inspire them to know they too can serve our community through public office. I love our City, it welcomed me as an immigrant and has been my chosen home for almost two decades. It's why my work has remained purpose driven and community focused, and I look forward to continuing to give back, support our residents, and serve the community in new ways.

Sincerely,

Jo Lloyd-Triplett
