Good afternoon, I tried to call and they said you were out of the office, I'm unable to make this meeting due to work, however I have multiple concerns about this proposal being 4 doors down from my house that I own. I've lived on Charleswood Rd for nearly 20 years now, and can't imagine the amount of home values dropping due to having this structure placed right on top of our current dwellings. The street is overcrowded with traffic as it is. That easement is a shame and would be an eye sore in our community. One of which will likely lead to everyone moving. I had no idea why I had seen so many houses up for sale recently, now it's all making sense please tell me there is something that can be done to stop this project?

Thanks
Paul
