

Louisville Metro Council City Agency Request

- Neighborhood Development Fund (NDF)
- Capital Infrastructure Fund (CIF)
- Municipal Aid Program (MAP)

Primary Sponsor: CM Tom Owen

Amount: \$5,834.88

Date: May 25, 2015

Description of program/project including public purpose, additional funding sources, location of project/program and any external grantee(s):

Funding will go for curbing to be placed in front of 2907 Beaumont Road to assist with public parking and to stop destruction of grassy area next to business. This will also help stop erosion of property next to roadway which causes problems with water retention and ice when weather drops to freezing.

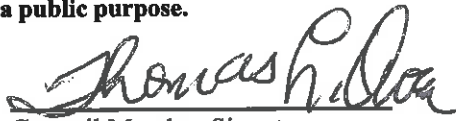

City Agency: Metro Public Works

Contact Person: Craig Allen

Agency Phone: 502 574-6159

I have reviewed this request for an expenditure of city tax dollars, and have determined the funds will be used for a public purpose.

Subject: RE: Beaumont Road Concern
Importance: High

Craig, if this pricing is still good and we have green light from CM Owen, will you accept CIF appropriations for this project?

Thanks Russ. I remember our chat at the Air Board reception.

TERRA LONG, my aide, what did we decide to do about curbing on Beaumont?

Both of us visited the site, talked to the neighbor?, and got a cost estimate. Right?

Subject: Beaumont Road Concern

Tom,

It was great talking with you at the last Airport Authority event in the old Bowman Field Terminal. That is always an event I look forward to!

I'm contacting you about an issue that you're already aware of, I'm told. The section of Beaumont Road off of Taylorsville Road, behind our business is in need of a curb. Customers of the very popular Oishii Sushi park along this section of road regularly. As a result, about 8 inches of roadbed has been lost; chewed off into the car-parking created "ditch" in front of the residence at 2907 Beaumont. Additionally, the mud slogged onto the road reduces traction significantly; I've witnessed many close calls by vehicles sliding on this mud in wet weather and narrowly missing one another.

I know it is not an inexpensive fix, but curbing this area now will be far cheaper than restoring the roadbed later, especially after another winter.

I've enclosed two images to illustrate what I've described above.

If there's any other information or assistance from me that you need, just let me know.

Sincerely,

Russ Stein
