Stuart,

D21 would like to fund 5 flashing/light up stop signs to be placed in our district. If there is a better name for these, please let me know.

Locations TBD with approval from PW.

Will you accept the CIF funding of \$6,000 from our office?

We would have to evaluate the site specific conditions and crash history. Typically, the speed would be 45 mph posted. The cost, if you wanted to fund them, is approximately \$1,000 to \$1,200 each.

What is the threshold for high rate of speed and severe crash history? How much do they cost?

Unless funded outside of S&M, the higher rates of speed and severe crash history are the only way I have done it so far. Also, I only have a few to use and when they are gone, I don't have funding to get any more.

I don't doubt the high speeds. What I'm asking is, how does this get approved and funded?

Speeds along Old Bardstown Rd are in high. The posted speed limit is 45 mph.

How does one get a fancy sign like this near Providence and Old Bardstown Rd?
