All

Please find below the estimates for Martha Ave. I have assumed that the trees involved can have the roots trimmed, if that is not the case and the trees require removal the estimates will increase. If I can be of further assistance let me know. Craig Allen will be the Project Manager if you choose to proceed.

Erin,

Here is the new estimate you requested. I could not find the original estimate document for this segment of sidewalk, however I know that it totaled \$976.50. The difference in the estimates seems to be because a good bit more sidewalk was added in the second inspection. The first inspection only had a sidewalk repair measurement of 15 x 4.

Thank you in advance,

*Craig Allen*

Arnitra,  
 I gave you this estimate a while back and I missed some things. So I went in and re-done it for D-11. Let me know if you have any questions.
