Mr. Canuel,

When our District 15 office appropriates the money for the cost of the water fountain and installation at Wayside Park will Metro Parks accept the funds?

Attached is the proposal for the Wayside drinking fountain.

I still have not heard from Marty how exactly the weed eating project went last time. I should be able to sit down with him in the morning, so I hope to be able to tell you something tomorrow afternoon.

I have already ordered the Wayside drinking fountain. As soon as I can get the proposal, I will forward it on to you. The total for that one is about \$13k, which is a little more than Iroquois due to the concrete work that will be necessary.

I am trying to get you the answer on the weed eating. I need to sit down with Marty and figure out how it was done previously.

Good morning Mr. Canuel! Hope all is well!
Just looking for several updates on the following:

- 1.) Water fountain at Wayside Park. Can we do this? What is the cost so we can appropriate the \$money?
- 2.) Can a Metro Parks crew weed eat the curbs (Median & street) on Manslick Rd & March Blvd areas? If so what is the cost so we can appropriate that \$money.

Thank you for your help. I know you all are very busy. I'm just trying to keep the Councilwoman updated! Thank you!
