MEMORANDUM

LOUISVILLE METRO POLICE DEPARTMENT

GREG FISCHER
MAYOR

STEVE CONRAD
CHIEF OF POLICE

20 April 2015

To: Daniel Frockt, Acting Chief Financial Officer

From: Ozzy Gibson, Deputy Police Chief

Subject: FY 2016 Professional Service Contracts

The following contracts need to be non-competitively negotiated.

RSL Enterprises, LLC \$52,000: The services of this consultant include financial investigation and analysis of the proceeds of illicit drug activity. The consultant is responsible for partnering LMPD with DEA to identify, document, and prosecute drug and money laundering organizations which includes seizing and forfeiting the revenues generated by domestic and international drug organizations. Mr. Leezer is a former LMPD narcotics detective who spent 10 years assigned to an asset forfeiture task force. He has a longstanding working relationship with the DEA and has extensive specialized training in the nuances and legalities of asset forfeiture.

University of Louisville Research Foundation/School of Medicine, Division of Forensic Medicine, Department of Pediatrics \$125,000: The purpose of this contract is for clinical forensic services in the area of pediatric forensic medicine. These forensic services deal specifically with cases of physical abuse perpetrated against children. The University of Louisville Research Foundation has forensic physicians from the Department of Pediatrics who have the experience, expertise and qualifications necessary to provide forensic examinations of these patients and pertinent medical records. U of L Pediatrics also agrees to provide 8 hours education about recognition of abuse and neglect to LMPD officers. The services for University of Louisville Research Foundation have been used since 2005 and have been beneficial in providing evidence for LMPD criminal cases.

University of Louisville Hospital (SANE) \$46,000: The purpose of this contract is to provide medical/forensic examinations to victims of sexual assaults. The evidence collected during this exam can be turned over to police for use in criminal investigations. A SANE nurse is a registered nurse trained in the forensic examination of victims of sexual assault and credentialed by Kentucky Board of Nursing who conducts the examination, collects and preserves evidence, and testifies in legal proceedings. The SANE nurse becomes an integral part of the multidisciplinary team investigating the survivors of sexual assault, and is knowledgeable in the nursing process, forensic nursing concepts, victims' issues, and legal responsibilities. LMPD has used this contract since 2003; the U of L SANE nurses are the only nurses in this area capable of providing this type of detailed service to the Sex Offense Unit in completion of their investigations.

University of Louisville Research Foundation: \$105,000: Studies by U of L will include a Vehicle STOPS Study, Citizen Satisfaction Survey and Domestic Violence Victim Resource Study. The University of Louisville Research Foundation will be conducting these studies including data collection, data entry, data conversion and analysis, as well as providing written reports and electronic copies.

Note on KRS 45A: It should also be noted that with the exception of Mr. Leezer all of the above listed contracts are for the services of licensed medical professionals, who are the only such professionals in the area that can provide the specific services LMPD requires for its law enforcement tasks. Because of this, I believe they are exempted from competitive negotiation by KRS 45A.380. This statute states that "a local public agency may contract or purchase through noncompetitive negotiation only when a written determination is made that competition is not feasible and it is further determined in writing by a designee of the local public agency that: (1) An emergency exists which will cause public harm as a result of the delay in competitive procedures; or (2) There is a single source within a reasonable geographical area of the product or service to be procured; or (3) The contract is for the services of a licensed professional, such as attorney, physician, psychiatrist, psychologist, certified public accountant, registered nurse, or educational specialist; a technician such as a plumber, electrician, carpenter, or mechanic; or an artist such as a sculptor, aesthetic painter, or musician, provided, however, that this provision shall not apply to architects or engineers providing construction management services rather than professional architect or engineer services.
