Good Morning Kyle,

I have the estimates for this request.

Left side of street = **18** spaces
Materials = \$169.13
Labor = \$338.24
Total = **\$507.37**

Right side of street = **12** spaces
Materials = \$96.30
Labor = \$338.24
Total = **\$434.54**

Let me know if this is something you would like to move forward with. If you decide to move forward, we would probably need assistance notifying the residence of the area when we plan to do the work.

Thanks
Shawn

Shawn,

It would be for the area off Frankfort Avenue (100 block) of Haldeman to the dead end.

Thanks,
Kyle

Tiffany,

MPW got back with me today and said they would be fine with it as long as our office paid for it.

Could PARC provide our office with two estimates for Haldeman Avenue? We would like estimates for both sides of the street separately. Need to know how many spaces it would create as well.

Thanks so much,
Kyle

Good morning,
I haven't heard back so I sent another email to Public Works. Hopefully I'll hear something today.
Thanks!

Hi Tiffany,

Just touching base again regarding the below question about parking t's on residential streets. Were you able to find out if they are allowable?

Thanks,
Kyle
