Below is list of priorities for golf course. Golf Professional and maintenance staff looked together at priority of needs. I would agree with irrigation and drainage as highest priority items. Any help is always greatly appreciated and work can be tailored to funding available. Thanks again for thinking of us, congratulations on election, good luck and have a great holiday season.

Marty,

Here is the top priorities we have for Long Run & have passed on to Councilman Miller.

Jerry has been out to the course quite a bit this past summer & fall & is fully aware of what needs to be done.

He isn't sure how much excess cash flow he'll have, but definitely will have some. So he wanted us to make a list so he can move on this asap.

1. Sprinkler heads - \$5000
2. Tee boxes - #16, #15, #13 \$3000
3. Drainage from Driving Range Tee & #9 green & fairway short of it - \$2000
4. Reservoir & debris grown up around #1 tee - \$2000

\*Of course these are estimated costs per conversation w/ Superintendent, Builders & research.

Thanks,  
G Demling
